

From the Commissioner

As your Police and Crime Commissioner I am committed to ensuring the Council Tax precept is spent wisely and delivers best value for money.

Having listened carefully to the views of local residents, I have set an ambitious plan for policing and crime reduction over the next three years - our Make Notts Safe Plan. It is my vision that by the end of my term in office there will be fewer victims, greater trust and confidence in the police and criminal justice system and a stronger and more resilient network of services supporting victims to recover from harm.

To achieve this, I want to ensure that we invest wisely in preventing crime and protecting people from harm; responding efficiently and effectively to incidents of crime and; supporting victims and witnesses and communities to be safe and feel safe. I want to ensure that every penny we save is directed towards these objectives, strengthening police officer numbers and ensuring that they have the resources to do their job effectively.

Residents have also told me that they want to hear more about how the Council Tax precept is spent in Nottinghamshire and the outcomes we are delivering as a result. I intend to proactively publish this information and I will continue to update you on the progress we are making throughout my term in office.
