TITLE: AWARD OF CONTRACT FOR EXTERNAL FORENSIC SERVICE PROVISION TO THE EAST MIDLANDS REGION OF POLICE FORCES

EXECUTIVE SUMMARY:

The purpose of this decision is to recommend approval for entering into a regional contract for External Forensic Service Provision to the East Midlands Region (EMR) of police forces represented by EMSOU Forensic Services (EMSOU-FS).

The new contract has a new pricing policy and will replace the current 'pay per unit' method; the on-going optional extension of the existing contracts will not deliver much needed cashable savings for the region, nor would they improve effectiveness of service delivery by refocusing service provision requirements and product innovation. In addition the Home Office development of National Forensics Framework (NFF3) has been disbanded and consequently there is no longer a future framework arrangement available to the EMR for the procurement of external forensic service provision.

The decision was therefore taken to conduct a full OJEU procurement, applying a new procedure allowed for in the Public Contracts Regulations 2015, specifically the 'Competitive Procedure with Negotiation' [CPN]. This procedure is similar to the traditional Restricted Procedure in many ways in that it still requires the drafting of a detailed specification and the undertaking of an initial Pre-Qualification Questionnaire [PQQ] phase prior to the submission and the subsequent evaluation of tenders. It is however different in one particular key critical respect, the value of which has been considerably significant to ensuring the best outcome possible for the EMR.

Following the conducting of a comprehensive, robust and fully compliant OJEU procurement, the preferred supplier identified for the proposed award of contract is Cellmark Forensic Services. Cellmark represents the 'most economically advantageous tender' received taking into account all price and non-price award criteria.

Notice of Decision

The contract value for year 1 is set at a mandatory price ceiling, with a view to further savings, cashable and efficiency, being achieved in following years. Full Details are contained in the confidential supporting report and appendices.

The contract shall be for a period of 7 years initially with the option to extend for a further three years up to a total maximum of 10 years, effective from 01 April 2017 following completion of an initial transition period after award of contract.

This represents a single contract benefiting all five PCC's and Chief Constables relevant to the police force areas of Derbyshire, Leicestershire, Lincolnshire, Northamptonshire and Nottinghamshire, and subject to the umbrella of a formal Section 22 Collaboration Agreement. The Collaboration agreement will be amended prior to the contract being signed to secure protection to Derbyshire as the lead commissioning body.
