**TITLE: AWARD OF WAN SERVICES EXTENSION (TRI FORCE)**

**EXECUTIVE SUMMARY:****1. PURPOSE OF THE REPORT**

The purpose of this report is to recommend approval for the extension of a contract for the provision of professional and technical services to assess the current networks and provide recommendations on how to best progress a single WAN solution, making use of a Cloud service to provide services to circa 170 sites for Leicestershire, Northamptonshire and Nottinghamshire Police (the Tri-Forces), for a period of 1 year by Datrix Limited for the total contract value of £129,100.

**2. SUPPORTING INFORMATION**

Datrix were awarded the contract to recommend the technical solution including kit specification, configuration templates, and hardware recommendation to future proof the solution and recommend an Implementation Plan. Within their tender they were asked to offer Project Management and on-site deployment services as an optional extra. It is intended to now commission that work on a call-off basis when necessary to meet the timescales of the project. Not all the optional deployment services may therefore be required.

**INFORMATION IN SUPPORT OF DECISION: (e.g. report or business case)**

Further information on the procurement process and its outcomes can be made available from EMSCU if required.

**FINANCIAL INFORMATION** (please include if it is capital or revenue or both. What the split is and the totals being requested. Is this a virement/something already budgeted for or something that requires additional funding. Are there any savings that can be offered up/or achieved)

The budgetary provision for 2017/18 for WAN is capital of £520,000 and revenue of £140,000.
