FINANCIAL INFORMATION (please include if it is capital or revenue or both. What the split is and the totals being requested. Is this a virement/ something already budgeted for or something that requires additional funding. Are there any savings that can be offered up/or achieved)

The funding is revenue and is in budget. As the contracts do not increase year on year there are efficiency savings built in. In addition, the specification stipulates that the provider develop income generation opportunities to help widen the range of work.
