

JOINT AUDIT AND SCRUTINY PANEL

**FRIDAY 15 NOVEMBER 2019 at 10.00 AM
FORCE HEADQUARTERS, SHERWOOD LODGE
ARNOLD, NOTTINGHAMSHIRE NG5 8PP**

(pre-meeting for Panel Members at 9:15 am)

Membership

Stephen Charnock (Chair)
Leslie Ayoola
Peter McKay
Philip Hodgson
Alan Franks

A G E N D A

1. **Apologies for absence**
2. **Declarations of interest by Panel Members and Officers (see notes below)**
3. **To agree the minutes of the previous meeting held on 24 July 2019**
4. **Progress Against Action Tracker**
5. **Progress on the New Custody Suite Project**
6. **Staffing Levels in Nottinghamshire Police Custody Suites**
7. **Strategic Risk Management Report for Force and Nottinghamshire Police and Crime Commissioner (NOPCC) Quarter 2 2019-2020**
8. **Audit and Inspection Update**

9. Internal Audit Progress Report
10. External Audit – Verbal Update
11. Police and Crime Commissioner’s Update Report
12. Complaints and Misconduct Investigations
13. IPOC Investigations, Recommendations and Actions
14. Professional Standards Confidential Reporting Procedure (“Whistleblowing”),
15. Joint Audit and Scrutiny Panel Work Plan 2019/20
16. Summary of Actions (verbal)

NOTES

- Members of the **public are welcome to attend** to observe this meeting
- For **further information** on this agenda, please contact the Office of the Police and Crime Commissioner on 0115 8445998 or email nopcc@nottinghamshire.pnn.police.uk
- A **declaration of interest** could involve a private or financial matter which could be seen as having an influence on the decision being taken, such as having a family member who would be directly affected by the decision being taken, or being involved with the organisation the decision relates to. Contact the Democratic Services Officer: **Noel McMenamin tel. 0115 993 2670** for clarification or advice prior to the meeting.

**MINUTES OF THE MEETING OF THE NOTTINGHAMSHIRE POLICE AND CRIME
COMMISSIONER JOINT AUDIT AND SCRUTINY PANEL HELD ON WEDNESDAY
24TH JULY 2019 AT NOTTINGHAMSHIRE COUNTY COUNCIL, COUNTY HALL,
NOTTINGHAM NG2 7QP, COMMENCING AT 10AM**

MEMBERSHIP

(A – denotes absent)

Mr Stephen Charnock (Chair)

Mr Leslie Ayoola

Dr Phil Hodgson

Mr Peter McKay

Alan Franks

ALSO PRESENT

| | |
|-----------------|--|
| Rachel Barber | Deputy Chief Constable (DCC), Nottinghamshire Police |
| Neil Belton | Mazars |
| Tim Chesworth | MFSS Consultant |
| Ali Davies | HMICFRS |
| Chris Hewitt | EY |
| Glen Longden | Nottinghamshire Police |
| Mark Kimberley | Head of Finance, Nottinghamshire Police |
| Noel McMenamin | Democratic Services, Nottinghamshire County Council |
| Charlie Radford | Chief Finance Officer, NOPCC |

1) ELECTION OF CHAIR

Stephen Charnock was elected as Chairman of the Panel for 2019-2020.

2) MEMBERSHIP 2019-2020

The Panel noted the appointment of Alan Franks to the Panel in place of John Brooks from 1 July 2019, and welcomed Mr Franks to his first Panel meeting.

3) APOLOGIES FOR ABSENCE

Apologies for absence were received from Paddy Tipping, Police and Crime Commissioner and Craig Guilford, Chief Constable Notts Police.

4) DECLARATIONS OF INTEREST BY MEMBERS AND OFFICERS

Dr Phil Hodgson declared an interest in item 9 'Force Audit and Inspection Update' as he was the Head of Law and Social Services, University of Derby who had the contract for apprenticeship training.

5) MINUTES OF THE PREVIOUS MEETING

The minutes of the last meeting held on 29 May 2019, having been circulated to all members, were taken as read and were confirmed and signed by the Chair.

6) PROGRESS AGAINST ACTION TRACKER

Action 016: Item overtaken by events. Complete and close.

Action 023: Complete and close.

Action 024: To be discussed with DCC Barber – keep open.

Action 025: Keep open – confirm for November 2019 agenda.

Action 026: Inspection currently taking place.

7) HMICFRS – DISCUSSION ITEM

Ali Davies of Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS) gave a presentation, highlighting the Inspectorate's:

- role and responsibilities,
- statutory duty;
- relations with Forces and PCCs;
- principal challenges; and
- inspection developments.

A copy of the briefing note accompanying the presentation is attached at Appendix A to these minutes

During discussion, the following points were raised:

- It was explained that actions arising from a Force inspection were acted upon immediately and progressed, but that these were not formally closed/written off until a subsequent inspection;
- Relations between HMICFRS and the Force were strong but retained a professional challenge. The view was expressed that further reflection was needed to develop synergies between the inspection regime and internal processes, to avoid creating a duplication of effort where possible;

- The point was made that the Panel had not yet seen a business case for the merging of Force and Fire and Rescue Headquarters. HMICFRS considered this to be an operational decision.

RESOLVED 2019/040

To note the update and to thank Ms Davies for her attendance.

8) MFSS TRANSITION TO FUSION

Tim Chesworth, IS Transformation Programme Manager, Tri-Force Collaboration, provided a presentation, updating the Panel on the key service risks, mitigations and actions being taken in respect of MFSS – Oracle Cloud Operation. The presentation provided:

- background and rationale for the MFSS Programme;
- the key challenges;
- a synopsis of key risks by severity;
- mitigations; and
- future delivery options.

A copy of the presentation is attached at Appendix B to these minutes.

During discussion, the following points were made:

- while a series of shortcomings had led to the current position, the lack of clear and agreed governance and control of the overall programme was the key weakness that prevented co-ordinated mitigating action being taken before now;
- the problems described in the presentation were exacerbated by moving the support function from Northampton to Cheshire at the point at which demand for those services spiked;
- it was confirmed that no central government funding would be made available to remedy the issue, given concerns about the prospect of overspend. The point was made that the MFSS experience was likely to a detrimental effect on future collaborative initiatives.

RESOLVED: 2019/041

To note the update and to thank Mr Chesworth for his attendance.

9) FORCE AUDIT AND INSPECTION UPDATE - JUNE 2019

Dr Phil Hodgson declared an interest in this item as he was the Head of Law and Social Services, University of Derby, the organisation with the contract for apprenticeship training.

Deputy Chief Constable Rachel Barber introduced the report which provided an update progress against recommendations arising from the audits and inspections which had taken place during quarter 1 of 2019/20 and a schedule of planned audits and inspections.

Chief Inspector Glen Longden provided a presentation updating the Panel on Nottinghamshire Police's Custody Action Plan arising from the HMICFRS Custody inspection in October 2018. A copy of the presentation is attached at Appendix c to these minutes

During discussion, a number of points were raised:

- It was acknowledged that the Inspection outcomes provided a wake-up call to the Force, which had let previously positive performance slip;
- Custody performance had turned around dramatically, at a time when there were more arrests. Performance was particularly strong on dealing with vulnerability. Where improvement was still required, it was primarily in respect of ensuring that actions taken were recorded appropriately;
- Progress on the new Bridewell was progressing to schedule, with public consultation expected in late summer/early autumn;
- The Panel commended the approach taken by the Force in accepting and acting decisively upon the Inspectorate's findings

RESOLVED: 2019/042

To note the update and to thank Chief Inspector Glen Longden for his attendance.

At this point, Leslie Ayoola left the meeting.

10) INDEPENDENT CUSTODY VISITING (ICV) ANNUAL REPORT

Chief Inspector Glen Longden introduced the report, which provided an update on the achievements and progress of the Nottinghamshire Independent Custody Visiting Scheme.

In the brief discussion which followed, it was confirmed that Nottinghamshire had achieved the Gold level ICVA Quality Assurance Framework process in 2019. It was also pointed out that of the 1,600 people held in custody, there had been no complaints received in respect of use of force.

The Panel commended the Force performance as evidenced by the report.

RESOLVED: 2019/043

To agree that the report was to be circulated to volunteers, Nottinghamshire Police and partners, and to publish the report on the Nottinghamshire Police website.

11) STATEMENT OF ACCOUNTS AND ANNUAL GOVERNANCE STATEMENTS FOR 2018-19

Charlie Radford addressed the Panel, explaining that the Statement of Accounts circulated for consideration and approval required further amendments. A recent successful legal challenge on age discrimination by Fire and Rescue Service staff had wide-ranging implications for all public sector organisations, meaning that auditors needed to update pensions data.

In the circumstances, the Panel agreed to delegate authority to the Chief Finance Officer, in consultation with the Chair of the Audit and Scrutiny Panel, to agree the accounts and governance statements, once finalised, and pass for signature.

RESOLVED: 2019/044

That members agree to delegate authority to the Chief Finance Officer, in consultation with the Chair of the Audit and Scrutiny Panel, to recommend that the accounts and governance statements, once finalised, be submitted to the Police and Crime Commissioner for approval and subsequent signature by both the Police and Crime Commissioner and Chief Constable.

12) EXTERNAL AUDIT – VERBAL UPDATE

Chris Hewitt of Ernst Young provided a brief verbal update, advising the Panel that he and the Charlie Radford were in discussion about when to reschedule the Nottinghamshire Police audit. A provisional date had not yet been set. All parties were working against the statutory deadline of 30 September 2019.

RESOLVED: 2019/045

To note the verbal update.

13) INTERNAL AUDIT PROGRESS REPORT

Neil Belton of Mazars introduced the report which provided an update on progress against the Internal Audit Annual Plan for 2019-2020, and the findings from the audits completed to date.

RESOLVED: 2019/046

To note the internal audit progress update.

14) OPCC PUBLICATION SCHEME MONITORING, REVIEW AND ASSURANCE

The Panel considered a report providing assurance that the OPCC was working in full compliance of the Freedom of Information Act 2000 and the Elected Local Policing Bodies (Specified information) Order 2011.

The Panel noted the report without substantive discussion.

RESOLVED: 2019/047

To note the report.

15) FORCE ASSURANCE REPORT ON COMPLIANCE WITH FREEDOM OF INFORMATION AND DAA PROTECTION REQUESTS – QUARTERS 1 AND 2 – 2019-2020

DCC Barber introduced the report, which provided data on the legislative compliance for information requests under the Freedom of Information Act and Data protection Act legislation for quarters 1 and 2, 2019-2020.

During discussions the following points were raised:

- The provision of addition staff resource to deal with information requests was currently in process;
- The Team faced both staffing and financial pressures, as payment for Police disclosure in the case of private family court proceedings were being refused funding as the information could be accessed under GDPR provisions;
- There was support for having a triage system with a view to weeding out media 'fishing trips' and vexatious requests for information, but there was still a need to justify any such approach to the Information Commissioner

RESOLVED: 2019/048

To note the contents of the report.

16) JOINT AUDIT AND SCRUTINY WORK PLAN 2019-2020

RESOLVED: 2019/049

To note and approve the Work Plan for 2019-2020.

17) SUMMARY OF ACTIONS

RESOLVED 2019/050

To note that there were no further actions agreed at the meeting to add to the action tracker.

The meeting closed at 12.40pm

CHAIR

HMICFRS BRIEFING TO JASP 24 JUL 2019

My role involves day to day liaison with two forces – yourselves and Lincolnshire. As liaison lead I support HMI Zoe Billingham in managing relationships, as well as leading PEEL inspections, insight and engagement activity.

My task is to provide panel members with an understanding of the role of HMICFRS and how the work that it does fits in with the assurances the panel seeks regarding the Force's and PCC's governance, effectiveness, efficiency and value for money.

I plan to talk for the next 10 minutes or so, allowing some time to answer any questions you may have.

1. Role and Responsibilities of HMICFRS

HMICFRS purpose is simple – *'promoting improvements in policing to make everyone safer'*.

HMIC - Her Majesty's Inspectorate of Constabulary has been independently assessing and reporting on the effectiveness and efficiency of police forces and policing for over 160 years.

In summer 2017, HMIC took on inspections of England's fire & rescue services, assessing and reporting on their efficiency, effectiveness and leadership. To reflect this additional role, our name changed to Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services (HMICFRS). For the purposes of this meeting I will focus on policing.

We will always try to see policing and FRS through the public's eyes. In preparing our reports, we ask the questions that members of the public would ask, and publish the answers in accessible form, using our expertise to interpret the evidence and make recommendations for improvement. This provides information to allow the public to compare and contrast forces. Our evidence is used to drive improvements in the services they provide to the public.

The independence of HMIC is key. We are independent of government, the police and fire & rescue authorities.

- HM Inspectors are appointed by the Crown. They are not employees of the police service, the fire & rescue service or the government.
- Sir Tom Winsor has the dual role of HM Chief Inspector of Constabulary and HM Chief Inspector of Fire & Rescue Services. He reports on the efficiency and effectiveness of police services in England and Wales, and on the efficiency and effectiveness of FRS in England.
- HM Inspectors may be called to give evidence before committees of Parliament and must also account for their actions to the public through the media. As is the case with all public bodies, HM Inspectors are also susceptible to judicial review. HMI Zoe Billingham is the lead for the Eastern region of forces.
- Although HMICFRS's budget is set by the government, and the inspection programmes require the Home Secretary's approval, no Minister, police and

crime commissioner or fire authority can interfere with the contents of an HMICFRS report or the judgment of HM Inspectors.

2. Statutory Duty of HMICFRS

Our annual inspection programme for police forces in England and Wales is subject to the approval of the Home Secretary under section 54 (2) of the Police Act 1996. The Home Secretary may also require that we carry out further inspections of police forces, beyond the terms of the annual inspection programme. Such as child protection inspections, custody inspections, counter terrorism, cyber-crime etc. Police and crime commissioners may also commission HMIC to do inspections in their force areas, although HMIC is not required to accept requests.

In devising its policing inspection programme for the Home Secretary's approval, HMIC considers the risks to the public, service quality, public concerns, the operating environment, the effect which inspection may have on a force, and the benefits to the public of improvements which may follow inspection. HMIC may also carry out inspections of police forces on its own initiative if it considers that the performance or circumstances of a force merit it.

Each year an inspection programme and schedule is published. The schedule includes the inspections which form our regular annual assessment called the PEEL assessments. PEEL stands for police effectiveness, efficiency and legitimacy.

A key aspect is the fact that HMICFRS is an inspectorate, not a regulator. Regulators have powers of intervention, direction and enforcement. Inspectorates have powers to secure information, but no powers to give orders for change. Recommendations are not orders.

It is for chief constables (whose operational independence is a cornerstone of policing), police and crime commissioners (with powers to set local priorities and budgets) and, in extreme cases, the Home Secretary (who has ultimate democratic responsibility for policing) to take action as a result of HMIC recommendations. The same applies to FRS and FRS authorities.

Police and crime commissioners are required to publish their comments on each HMIC report within 56 days of its publication, include an explanation of the steps to be taken in response to each HMIC recommendation or an explanation of why no action has been or is to be taken in that respect. HMIC do not inspect PCC's.

3. Relationship between HMICFRS and Individual Police Forces and Police & Crime Commissioners

Provide useful, comparable, actionable information

HMICFRS publishes independent and authoritative information on the whole breadth of policing activity. All force inspections are conducted to assess effectiveness,

efficiency and legitimacy. They are judged as outstanding, good, requires improvement or inadequate on these categories based on inspection findings, analysis and Her Majesty's Inspectors' (HMIs) professional judgment across the year. These include reports we've published jointly with the inspectorates of prisons, probation and the Crown Prosecution Service, which focus on issues that cut across the criminal justice system.

Conduct commissioned inspections

As previously stated HMIC generally only carry out policing inspections additional to our business plan commitments if commissioned to do so either by the Home Secretary (for instance our 2014 report on domestic abuse) or by a PCC. In some circumstances we may also inspect if we judge there is an enduring risk to the public.

HMIC has the experience and knowledge to inspect any area of policing. PCCs that wish to commission an HMIC inspection start the process with a discussion with their regional HMI - Zoe. Before accepting a commission from a PCC, we will discuss the requirements and the scope of the inspection with them. Standard terms including duration and estimated cost will be agreed before we proceed. HMICFRS will publish the findings from all inspections commissioned by PCCs. In fact, all HMIC police reports are published following an inspection, unless they include information that might jeopardise a person's safety or breach national security.

Assist (on request) in identifying complaint investigators

HMIC has a statutory duty to ensure we are kept informed of all force complaints and misconduct. If a PCC decides a complaint is of a nature that does not need referring to the Independent Office for Police Conduct but is not suitable for local resolution, they will be able to ask us to identify another force to investigate. This is a continuation of the way we previously worked with police authorities.

Sit on misconduct panels for chief constables and other senior ranks

Our HM Inspectors sit on misconduct and appeals panels for chief constables and other senior officers.

Produce a report if the PCC is proposing to call upon a chief constable to retire or resign

If a PCC is seeking to remove a chief constable, they must first obtain and consider the views of HM Chief Inspector of Constabulary – Sir Tom Winsor on the proposed dismissal. If the PCC then proceeds, they must later consider the opinion of the local police and crime panel. The panel may also ask Sir Tom for their views on the matter.

HMI Zoe Billingham has worked across the Eastern region for many years which has provided stability and strong relationships to form.

4. What are the principal challenges that HMICFRS believe Forces face.

The latest publication - State of Policing: The Annual Assessment of Policing in England and Wales 2018 clearly outlines the principle challenges.

This year's assessment contains four principal points.

- The first is that most forces are performing well, despite many new policing challenges. The police service shows integrity and often considerable bravery as they deal with the many demands which are increasing in scale and complexity.
- The second is that, in some important respects, the wider criminal justice system is dysfunctional and defective. The system lets down children and other vulnerable people. As well as often being victims of crime, they may become trapped in a cycle of offending, conviction, punishment, release and re-offending. The police are getting better at identifying and protecting some vulnerable victims. But, generally, there is not enough emphasis on prevention and early intervention to break the cycle.
- The third is that there is a mismatch between police funding and public expectations. The police funding arrangements are flawed in two respects: they do not take enough account of the unique circumstances of each force; and funding is provided on too short-term a basis. But, there is a widening gap between the needs of the public and the police's capacity and capability to meet them. Our work on force management statements, which does much to reveal the extent of the problem, will help policymakers as they make difficult decisions about where to allocate public funds.
- The fourth is that there needs to be reform of national, regional and local arrangements. In too many respects, the lines on the map created by the current 43 force structure act as barriers to the exchange of intelligence, co-operation, and to true efficiency and effectiveness. There is a pressing need to develop an effective and efficient single system of law enforcement, with clear local, regional and national components. For the police to develop such a system, there are options for voluntary or compulsory reform; the case for the latter is becoming increasingly strong.

5. What are principal areas of concern that HMICFRS have presently with the Nottinghamshire Police Force.

As you are aware last year HMIC moved from separate PEEL effectiveness, efficiency and legitimacy inspections combining them into one report. Forces were divided into three tranches. Nottinghamshire was in tranche 1 and the second force to be inspected using the integrated methodology – 10 questions covering prevention, investigations, vulnerability, serious organised crime, strategic policing requirement, current demand, future demand, treatment of the public, ethics & counter corruption and treatment of the workforce. There were four mandatory

questions for all forces, relating to vulnerability, strategic policing requirement, future demand and ethics & counter-corruption.

The force management statement introduction and extensive insight work in forces allowed the progression of our 'targeted approach'. This resulted in Nottinghamshire Police not being inspected on the areas of investigation, Serious Organised Crime or Treatment of the public. For these questions the previous grades from 2017, all Good were carried over.

| | | |
|----------------------------|--------------------------|----------------------------|
| Effectiveness - Good | Efficiency - RI | Legitimacy - Good |
| Q1 – prevention – RI (-) | Q6 – current demand – RI | Q8 – public treatment – G |
| Q2 – investigation – G | Q7 – future demand – RI | Q9 – ethics/corrupt – G |
| Q3 – vulnerability – G (+) | | Q10 – treat workforce – RI |
| Q4 – SOC – G | | |
| Q5 – SPR – ungraded | | |

Q1 – prevention – main issue was the timing of the inspection in relation to the refocus on neighbourhood policing. Encouraging progress since the publication of the report. I have been able to review the work to date during a visit at the end of June and am reassured. The plan is comprehensive.

Q6 & Q7 – current & future demand - more work was needed to have a complete understanding of current demand. The Process Evolution work in 2017 was thorough and comprehensive but focused exclusively on responsive demand. Lack of a full understanding of its workforce skills beyond the tactical and operational.

Financial planning had improved and was well-aligned with workforce planning. We are reassured that the force has a much-improved approach to financial planning. There is greater rigour in controls and assumptions are broadly realistic. It links well with HR and recruitment plans are well-aligned with financial plans.

Q10 – treatment of the workforce – this was the only area that HMIC made recommendations. The force has been RI for the last three inspections. We found limited opportunities for the staff to provide feedback to the force, with the last staff-survey being conducted in 2016. Our review of grievance procedures showed errors in 9 of the 10 cases with inconsistent application by managers.

The health and wellbeing strategy was launched during fieldwork and local welfare and Federation groups had been reintroduced. We found that the force takes the wellbeing of the workforce seriously, but staff did not feel this was embedded in culture of the organisation being reliant on individual line managers. We found an inconsistent approach to talent-spotting in the force. The PDR process was not clearly understood by officers and staff, adhered to and valued by them as being worthwhile.

6. Next Steps

Our current PEEL methodology is under review, which means the next round of PEEL inspections will not start until 2020.

HMIC are mapping out the detail of what a more 'continuous assessment' approach would look like to significantly develop our methodology and approach.

This includes how best to incorporate the self-assessments from force management statements, developing our targeted approach and our monitoring and continuous assessment tools. We are in the process of releasing a revised version of the recommendations register which also includes areas for improvement (AFIs).

Questions

Joint Audit and Scrutiny Panel 24/07/19

MFSS – Oracle Cloud Applications

Key Service Risks, Mitigation & Actions

Background

- Notts joined MFSS in 2015 using Oracle eBS
- 4 Partners - Cheshire, CNC, Northants, Notts
- Approval in 2017 to migrate to Oracle Cloud Apps
- ERP (DMS, HR, Payroll, Finance)
- Integration partner (Capgemini)
- Complex migration - UAT, regression testing, DM reconciliations,
- Data security – IT Health Check (ITHC) undertaken
- Fix forward / no roll back

Drivers for Change

- New platform enables easier on boarding
- Taleo Recruitment replaces eRecruitment tools
- Improved efficiency
- New hosting arrangements for DMS
- Suite of improved reports across all partners
- Self Service and inbuilt help guides minimum level of authorisations
- Provide a common data layer, maximising re-use of data across multiple business processes

Programme Challenges

- Business case (ambition & timescales)
- On boarding partners (Avon & Somerset & Cheshire Fire)
- Programme set up
- Governance & leadership
- Local / partner resources
- Design & testing decisions
- External suppliers / consultants
- Complex system & interfaces
- Multiple partners & communications
- Unclear future vision and roadmap
- BAU readiness

Position Since Go-Live April 19

- Cloud Apps went live on 01/04, service & system bedding in
 - Performance issues with DMS
 - New MFSS payroll team from 01/04
 - MFSS BAU backlogs due to workarounds and experience
 - Notts project team still in existence
 - Legacy / archiving system eBS remains an issue
 - Historic payslips & P60's available
 - Apex system operational
-

Key Risk 1 – Payroll (Severity: High)

- **Description:** Ongoing payroll errors and inaccuracies
 - **Risk:** Incorrect payments, high service request demands & backlog, supplementary pay runs and lack of pay exception controls
 - **Impact:** Reputational damage & low confidence by TU's, adverse audit and media reviews, increased service cost, pressure on payroll staff, disenchanted workforce (80% of force costs are pay related)
 - **Mitigation:** Short term provision of in-house payroll support to MFSS, identification of key process and IT failures and remedial actions, review medium term options for the MFSS operating model
 - **Status:** Whilst payroll schedules are met, processing inaccuracies continue to cause reputational damage, employee frustration and require force intervention / resources to deliver the service
-

Key Risk 2. – Ability to Deliver VFM / Business Benefits (Severity: High)

- **Description:** Inability to demonstrate VFM
- **Risk:** Failure to deliver quality VFM services and business benefits
- **Impact:** Longevity of MFSS model cannot be sustained, diverts funds from core policing, adverse HMIC and media commentary
- **Mitigation:** Short term review of core processes and harmonisation across forces, provide support to MFSS to avoid service failures. Medium term consider options to current MFSS arrangements
- **Status:** Oracle Cloud Apps resulted in considerable overspend 18/19 and a further £1.1m requested in 19/20. Lack of future roadmap means that forward planning is unclear, service improvement sub group established June 19 with focus on task & finish groups. On-boarding of future partners on hold until service stabilised

Key Risk 2. – Ability to Deliver VFM / Business Benefits (Severity: High) MFSS History of Costs

| | 2015/16 | | 2016/17 | | 2017/18 | | 2018/19 | | 2019/20 | |

Key Risk 2. – Ability to Deliver VFM / Business Benefits (Severity: High)

In summary, the 2019/20 MFSS revenue budget requirement would increase by:

£m

| | |
|------------------------------|--------------|
| No on-boarding contribution | 0.300 |
| Removal of savings target | 0.500 |
| Cost of "tickets" to revenue | 0.290 |
| Ad hoc (as above) | <u>0.029</u> |

TOTAL 1.119

Source: MFSS MANAGEMENT BOARD – 25 JUNE 2019 FINANCE & STAFFING UPDATE

Note: Costs shown are at a partnership level and would be apportioned per Force

Key Risk 3. – Duty Management System (DMS) (Severity: High)

- **Description:** Poor / intermittent performance of DMS provided by Crown (provisioned as part of Oracle Cloud Apps) also IMM defective
- **Risk:** Duty planners unable to effectively manage work rotas, incorrect officer / pay details in DMS details and inability to BOBO
- **Impact:** Potential risk to policing duty management due to inadequate information for resource planning, incorrect payroll payments
- **Mitigation:** Manual work arounds (IMM) & gold group from April, (servers/patches) to stabilise DMS performance. Capgemini proposals include solid state discs & migration to later Oracle version (Gen2)
- **Status:** DMS performance intermittent & marginally slower than pre Fusion. Timely duty planning reports for resource planning purposes, some payroll details incorrect (IMM has a backlog of transactions)

Key Risk 4 – MFSS Management Capabilities (Severity: High)

- **Description:** Lack of stable management capability within MFSS to deliver business needs of the force
 - **Risk:** Future of MFSS is unsustainable without strong leadership and management to deliver service objectives & meet KPI's
 - **Impact:** Churn of senior leaders, unclear roles and responsibilities, increased staff stress, service failures
 - **Mitigation:** Appoint permanent leadership team structure with the right skills and abilities
 - **Status:** Governance review & recommendations to Management Board 25/06 but approvals awaited
-

Key Risk 5 – Identified Information Management Risks (Severity: Medium/High)

- **Description:** Information management risks identified during migration to Oracle Cloud Apps
 - **Risk:** That data loss or data breach could occur
 - **Impact:** Exposure of confidential information, reputational damage, productivity disruption, loss of staff / officer confidence.
 - **Mitigation:** Information risk managed within IT health check remediation work
 - **Actions:** Risks already accepted by SIRO with management reporting to monthly SSG meetings and oversight by SIRO
-

Key Risk 6 – Payment of Invoices (Severity: Medium)

- **Description:** Delays in payment of invoices
 - **Risk:** Interruption to supply of goods and services to the force
 - **Impact:** Ability to deliver policing services could be disrupted if suppliers put a stop to goods / services. Force reputational damage with suppliers
 - **Mitigation:** Identification of key process & IT blockers and development of remediation plan
 - **Status:** Improved position but issues are 70% MFSS related 30% Notts
-

Key Risk 7 Learning & Development (L&D) Functionality (Severity: Medium)

- **Description:** Lack of IT functionality & reporting capabilities
 - **Risk:** Unable to report on competencies to ensure we are meeting the national requirements
 - **Impact:** Critical competencies become out of date and officers are unable to perform specific duties e.g. driver training etc
 - **Mitigation:** To implement fixes and workarounds to ensure that the training function can operate effectively
 - **Actions:** The patch release of 19b has remedied a significant number of issues and MFSS continue to deliver workarounds to resolve these. Key issues remain in respect of management reporting being not fit for purpose
-

MFSS - High Level Summary

| SUCCESSSES | OPPORTUNITIES |
|--|---|
| <ul style="list-style-type: none"> MFSS report improving performance position in a number of teams | <ul style="list-style-type: none"> MFSS recruit agency staff Service Improvement Sub-Committee established Consider alternative delivery options |
| FAILURES | THREATS |
| <ul style="list-style-type: none"> DMS (incl IMM Portal) Numerous defects within the Integration Management and Monitoring Portal (IMM) causing a bottle neck of transactions. Payroll Issues caused by ICT defects /skills gap / training Not demonstrating VFM service provision | <ul style="list-style-type: none"> Risk of industrial relations issues caused by payroll failures Reputational damage Risk of service failure without management team Complex technology roadmap JOC take the decision not to move DMS over to Gen2 as recommended by Capgemini to resolve performance and stability issues in DMS |

Service Delivery Options

- Short term** review of core processes and harmonisation across forces, provide support to MFSS to avoid service failures.
- Medium term** consider options to current MFSS arrangements:
 - Remain (with improvements to current service provision)
 - Reduce services with MFSS (bring payroll & HR back in house)
 - MFSS provide technical service only (use Oracle Cloud Apps by in house teams)
 - Terminate (Loss of investment and substantial set up costs)

24/29 actions green

5/29 actions amber

Performance

Custody Performance

Performance

- In Notts we have a higher demand in terms of arrivals, charge more, No further action less and Release under investigation fewer detainees than our regional colleagues.
- We are working on our bail rates, which have stabilised recently.

Performance

| Force | First Arrivals (May 19) | % Bailed | %RUI | %Charged and Bailed | % NFA |
|------------|-------------------------|----------|------|---------------------|-------|
| Leics. | 1125 | 13% | 20% | 12% | 47% |
| Lincs. | 965 | 12% | 27% | 15% | 38% |
| Northants. | 924 | 11% | 20% | 14% | 40% |
| Notts. | 1606 | 9% | 16% | 16% | 38% |

Performance

- In terms of our detainees profile;

| Force | % Juvenile | % Female | % Foreign National |
|------------|------------|----------|--------------------|
| Leics. | 10% | 14% | 19% |
| Lincs. | 5% | 15% | 22% |
| Northants. | 6% | 14% | 18% |
| Notts. | 8% | 13% | 13% |

Performance

- In terms of looking at vulnerability in custody, we have very few arrests for S136 but have a high level of level 3 and 4 observation – this was applauded by the HMIC as the correct level of risk assessment for our detainees.

| Force | S136 Detainees (May 19) | Volume of L 3 and 4 obs. (May 19) |
|------------|-------------------------|-----------------------------------|
| Leics. | 0 | 113 |
| Lincs. | 0 | 28 |
| Northants. | 0 | 49 |
| Notts. | 0 | 250 |

Audit

- Every quarter Custody under goes an audit set against standards applied via Authorised Professional Practice (APP) and PACE.
- The audit is necessary for each Force under APP
- Q4 2018/19's audit has just been released
- Overall our compliance is good and improving. Whilst a 100% is clearly the aim many times the recording of an issue is the problem rather than compliance.

Audit

- Our audit focusses vulnerability in custody and those issues highlighted by HMICFRS. Results for Q4 include:
 - 89.29% of Level 3 and 4 observations detainees are seen by a HCP;
 - 90% of records with a strip search are given a clear rationale for the search
 - 86.67% of female detainees have a female officers nominated for point of contact
 - 91.67% formal documented handovers where timely and in line with APP
-

Audit

- 90% of pre release risk assessments were appropriate
 - 100% of juveniles had an Appropriate Adult (AA) for fingerprints/samples
 - 100% of juveniles had an AA for interview
 - 81.82% of juveniles had an AA present for disposal
 - 95.5% of visits are on time (time is relevant to risk level)
 - 100% of Insp reviews are done in person or if not a suitable rationale is given for vulnerable detainees.
-

Audit

- We are striving to push forward and maintain standards and have decided to focus on a number of key areas
 - 1. Female Detainees - Was a hygiene pack offered?
 - 2. Was a detainee offered the exercise yard if held for over 24 hours?
 - 3. Was a detainee offered a shower if held for over 24 hours?
 - 4. Vulnerable Adults - Is there evidence that the AA attended fingerprinting/samples?
 - 5. Vulnerable Adults - Is there evidence that the AA was present at the Disposal?
 - 6. Visits - Was at least 1 visit on the record Late?
 - 7. Rousals
 - 8. Cell Check after release
 - 9. Inspector Reviews (Overall In Person)
-

Update on the New Bridewell

- Plans progressing well – on schedule
 - The site is cleared and fenced.
 - Planning application to be submitted in June, public consultation to follow.
 - The new site is on the old gas works on Radford Road and so help to put the land back to use as well as provide employment for the area as we are seeking to use local suppliers and contractors where possible.
 - Work should commence in the summer on an agreed level of betterment to clean contaminated water.
-

Update on the New Bridewell

The building will be constructed in red brick to the ground floor and anthracite coloured composite cladding to the first floor.

Conclusion

- The October HMICFRS Inspection was timely in helping Custody to re focus.
- We have set about responding in a proactive sustainable approach so that we do not just 'pass' the next visit from HMICFRS but we are seen as a leader in custody provision, nationally.

Progress on the New Custody Suite Project

1. Purpose of the Report

- 1.1 To report on the progress of the construction of a new 50 cell custody suite on the New Basford Industrial Estate, Nottingham.

2. Recommendations

- 2.1 It is recommended that the Joint Audit and Scrutiny Panel note the contents of this update report.

3. Reasons for Recommendations

- 3.1 To inform members of the Joint Audit and Scrutiny Panel of force activity and progress.

4. Summary of Key Points (this should include background information and options appraisal if applicable)

- 4.1 The intention is to build a 50 cell custody suite, associated facilities, car parking, soft landscaping and security measures on the brownfield site off Radford Road which will be accessed via the service road to the rear of Selco Builders' Warehouse. In addition to the custody suite the building will house a team of custody based investigators, case builders and an administration team. These will be based on the first floor of the suite. There will be sufficient parking to ensure that there is no impact on local parking amenities. The custody suite will be located in the middle of New Basford Industrial Estate. To the north of it is a derelict brown site and gas works facility before the bypass. To the west, a railway line before allotments, the River Leen and a factory on the other side of which is the Wilkinson Street Tram Terminus. To the south there are industrial

and commercial units until you reach Wilkinson Street and Radford Road Police Station. To the east is Selco Builder's Warehouse and Storage Yard and two derelict gas holders.

The project is now in the final design stages with minor details to be agreed. A planning application was submitted in early July 2019 and was initially due to be concluded by 2nd October 2019, although no comments or objections were submitted to the planners during the consultation period, some local concerns from a neighbouring ward have led to the application being referred to the planning committee sitting on 23rd October 2019.

The build elements of the project are out to tender. The major elements have been submitted through the Blue Light Portal. All tenders are "open book" and the invitations to tender and the returned tenders are all being scrutinised by our consultants.

Work has commenced on site to improve the groundwater quality in line with the requirements of the Environmental Agency. The contractor will shortly be entering the monitoring phase of the process.

5. Financial Implications and Budget Provision

- 5.1 The business case for the project was approved in November 2017, copy of decision form (2018.084) attached. The project is within budget and progressing on programme.

6. Human Resources Implications

- 6.1 The custody suite will require the relocation of the staff and officers based at the current Bridewell Custody Suite. Staff consultation has been extensive with the Police Federation and unions fully involved throughout the process.

7. Equality Implications

- 7.1 Throughout the project staff and stakeholders have been engaged with to ensure that the suite is inclusive and accessible. Significant work has been done with Nottingham University around Autistic Individuals in custody to inform the building design and to produce training packages (including a video) and toolkits for staff. These will be launched in early 2020. This work has been

recognised at a national level with Dr Chloe Holloway, who was runner up for an ESRC Impact Award for outstanding early career impact and her receiving the “Future Impact” award at the same event. This input will assist not only those experiencing neurodiversity but all custody users. Research has also been carried out with Nottingham Trent University into the wellbeing of custody staff wellbeing with a number of issues being identified which will be addressed in the new build. The Nottinghamshire Disability Advisory Group has also provided valuable assistance that will be fed into the design as have representatives from the LGBT community.

A full equality impact statement will be prepared during the final stages of the project.

8. Risk Management

- 8.1 A rigorous Risk Register is being maintained between the Contractor, Consultants and Nottinghamshire Police.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 The new suite will increase the presence and visibility of uniformed officers in the north west of the city. A purpose built custody suite will be designed with efficiency in mind to ensure that officers are able to return to public facing duties more quickly than previously possible. The suite is better located than the Bridewell as well as being more accessible. Where the optimal site (Ilkeston Road) is within 15 minutes travel time of 52% of immediate/urgent responses in the city, the Old Basford Industrial Estate site is within 48.7% against the Bridewell's 41.6%. Relocating to this site would improve performance by reducing travel times and the location scores 88.8/100 against the optimum site and better than the 79.9/100 scored by the Bridewell (2016 data). In addition, officers based at Radford, including Neighbourhood Teams, Response, CID and specialist departments will be just a 500m walk away from the suite reducing their travel times, when previously they would have travelled into the city centre, and thus keeping them on their area even when dealing with detainees. The close proximity of a main police station is one of the main contributors in ensuring that more police time is spent on service delivery and

less on travelling between Base Stations and the Custody Suite. This can only improve service delivery and make Nottinghamshire safer.

10. Changes in Legislation or other Legal Considerations

10.1 Not Applicable

11. Details of outcome of consultation

11.1 Once the site had been purchased and a planning application had been prepared, the MP's for Nottingham North and East were sent details of the proposal. Mr Leslie visited Radford Road Police Station and the site as a result. The local councillors for Berridge were also contacted at the same time and regular contact has been maintained with Councillor Quddoos. During the planning consultation stage the City Planners carried out a publicity/consultation process in excess of the minimum legal requirements. They sent out notifications to 42 neighbouring addresses on 8 July, including residential properties on Radford Road. A site notice was displayed on that date and a notice in the Nottingham Post on 10 July. The three current Berridge Ward Councillors were consulted by email on 5 July 2019.

The formal planning consultation period officially ended on 1 August 2019. The planning department received no comments or objections directly during the consultation period, but concerns from a neighbouring ward were put forward, following a resident's meeting held on 7 August 2019.

These concerns, along with any others that are received, will be considered when formulating the planners' recommendation to the planning committee on 23rd October 2019.

A report addressing the public concerns raised in response to various articles in the Nottingham Post has been submitted by Nottinghamshire Police. This will be submitted to the committee.

Meetings are on-going with local residents by representatives from Nottinghamshire Police and the Contractor.

Officers and staff are positive about the project and are being engaged with throughout the project.

TITLE: New Detention and Justice Centre/50 Cell Custody Suite

EXECUTIVE SUMMARY:

The accompanying business case seeks approval for the construction of a new 50 Cell Custody Suite, associated facilities on the site at the Old Gasworks on Radford Road (purchased after approval following the Options Appraisal November 2017) and remedial works as necessary and the allocation of the budget for the project in its entirety, as per the costings outlined in the business case.

INFORMATION IN SUPPORT OF DECISION: (e.g. report or business case)

On the basis of Commercial Sensitivity, the business case is exempt from publication. The business case and recommendations were approved by the Force Executive Board on 5th November 2018.

FINANCIAL INFORMATION (please include if it is capital or revenue or both. What the split is and the totals being requested. Is this a virement/ something already budgeted for or something that requires additional funding. Are there any savings that can be offered up/or achieved)

There is currently a provision of capital funds for the construction of the new custody suite based on a late 2016 business case for a 40 cell suite (£17,109,900.00). The revised budget (£17,825,000.00) takes into account the provision of 50 cells, remedial works to the site and the impact of inflation during the interim years since the case was first made for a new suite.

Signature: *C.R.*
Chief Finance Officer

Date: 7th November 2018.

| Category 3 | | | | |

DECISION:

It is requested that approval the following is given:

- **1:** that, following engagement with the Environmental Agency and their agreement to a method and degree of "betterment" on the contaminated section of the site, that this be undertaken without delay to minimise any overlap of this and the commencement of construction works.
- **2:** that, with this business case approved, the project to build a 50 cell custody suite moves into the design and construction phase without delay.

OFFICER APPROVAL

I have been consulted about the proposal and confirm that the appropriate advice has been taken into account in the preparation of this report. I am satisfied that this is an appropriate request to be submitted to the Police and Crime Commissioner.

12.1 Appendix 1 – Staffing Levels in Nottinghamshire Police Custody - Aug 2019.

Report to the Joint Audit and Scrutiny Panel

Staffing Levels in Nottinghamshire Police Custody Suites

August 2019

Introduction

The Home Office has delegated the responsibility of managing Independent Custody Schemes (ICV) to Police and Crime Commissioner's across the country. ICV's are volunteers who are asked to make unannounced visits to police custody suites to provide reassurance to their respective communities, that their people are safely detained whilst in police custody. ICV's are asked to make reports about the following:

1. Conditions of the accommodation in police custody.
2. Detainee rights and entitlements.
3. Detainee welfare and dignity.

In May and June 2019, several reports were made during visits to police custody by ICV's regarding the levels of staffing in police custody.

Outline of Incident

Two separate reports were received from ICV's following visits to Bridewell custody on 20 May and 6 June 2019. A custody sergeant approached ICV's on each occasion to discuss their concerns with staffing levels. The sergeant explained that minimum staffing levels during some night shifts were not safe in the event of a fire or adverse incident. The officer stated that recently there had been a night shift with only one sergeant and 2 members of staff on shift to manage 37 detainees over 3 floors at Bridewell.

Minimum staffing levels are defined below for Nottinghamshire police custody:

Sgts

| Suite | Day Shift | Night shift | Night Shift (Fri and Sat) |
|-----------|-----------|-------------|---------------------------|
| Bridewell | 4 | 2 | 4 |
| Mansfield | 2 | 1 | 2 |

DO's Tuesday –Friday – DAY SHIFT

| Suite | 0700-0900 | 0900-1700 | 1700-1900 |
|-----------|-----------|-----------|-----------|
| Bridewell | 5 | 7 | 7 |
| Mansfield | 2 | 3 | 2 |

DO's Saturday-Monday – DAY SHIFT

| Suite | 0700-0900 | 0900-1700 | 1700-1900 |
|--------------|------------------|------------------|------------------|
| Bridewell | 5 | 8 | 7 |
| Mansfield | 2 | 3 | 2 |

DO's Monday – Thursday – NIGHT SHIFT

| Suite | 1900-0300 | 0300-0500 | 0500-0700 |
|--------------|------------------|------------------|------------------|
| Bridewell | 7 | 5 | 5 |
| Mansfield | 3 | 2 | 2 |

DO's Friday – Sunday - NIGHT SHIFT

| Suite | 1900-0300 | 0300-0500 | 0500-0700 |
|--------------|------------------|------------------|------------------|
| Bridewell | 8 | 6 | 5 |
| Mansfield | 3 | 3 | 2 |

Recommendations

Nottinghamshire Office of the Police and Crime Commissioner requested a dip sample of data from the Book On Book Off software for both custody suites between 1 January – 30 June 2019 (Q4 2018-19 and Q1 2019-20), 03.00 – 07.00 hrs. This report would enable the NOPCC to review the staffing levels to reassure the public that safe operating standards are being maintained.

Findings

The report from the Book On Book Off software highlighted one period of 2 hours at Mansfield custody suite, when the staffing levels for Detention Officers fell below the minimum. This was on 13 May between 0500 – 0700 hrs.

Nottinghamshire Police have investigated this occurrence in detail and have found that detainee numbers at Mansfield custody were low (less than 10 detainees in custody), and one of the Detention Officers had been granted short notice annual leave by the Inspector. The Duty Inspector decided there was no requirement to keep the evening duty Detention Officer for the remaining hours, or to request support from Bridewell custody suite because the demand was manageable. This decision has been reviewed and supported by the Chief Inspector.

Responsibility

The Assistant Chief Constable is responsible for custody in Nottinghamshire. Nottinghamshire Police are members of the EMCJS Strategic Custody Group along with Leicestershire, Northamptonshire and Lincolnshire.

The Chief Executive of Nottinghamshire Office of the Police and Crime Commissioner and oversees the governance of health and safety matters.

Kayt Radford
Volunteer Manager, NOPCC

Strategic Risk Management Report for Force and Nottinghamshire Police and Crime Commissioner (NOPCC), Quarter 2, 2019/20

1. Purpose of the Report

- 1.1 To provide the Joint Audit and Scrutiny Panel (JASP) with an up to date picture of strategic risk management across the Force and the Nottinghamshire Office of the Police and Crime Commissioner (NOPCC).

2. Recommendations

- 2.1 It is recommended that the JASP notes the current approach to strategic risk management and considers the assurance that this report provides as to the effectiveness of those arrangements within the Force and NOPCC.
- 2.2 JASP note the three very high strategic risks on the Force's risk register namely, Multi-Force Shared Service (MFSS) transfer of payroll system to the new Fusion solution, compliance with the new General Data Protection Regulations (GDPR), and the building of the new Bridewell custody facility.
- 2.3 In relation to the Force's Strategic risk register, JASP note the reduction in the level of risk for the Bridewell custody facility.
- 2.4 JASP also note the high risks relating to the NOPCC, Multi-Force Shared Service (MFSS) transfer of payroll system to the new Fusion solution, the uncertainty in relation to the announcement of the comprehensive spending review and the police funding formula, and the risk relating to having no agreed funding in place for sexual violence support service in the county.
- 2.5 JASP note accompanying Appendix 3 – which outlines more in-depth explanations of the mitigation in place in relation to the Force's very high level strategic risks.

3. Reasons for Recommendations

- 3.1 A Strategic Risk Report is provided to the JASP on a quarterly basis in order to keep the Board informed as to the level of strategic risk within the Force and NOPCC and provide assurance as to the effectiveness of risk management arrangements.

4. Summary of Key Points

Risk management policy and process

- 4.1 The Force and the NOPCC previously agreed a joint policy for the management of risk, in line with the Cabinet Office approved Management of Risk (M_o_R) approach.

5 Financial Implications and Budget Provision

- 5.1 There are no direct financial implications as a result of this report. Financial implications as a result of each risk will be assessed and managed on an individual basis.

6 Human Resources Implications

- 6.1 Providing professional advice on risk management is the responsibility of the Corporate Governance and Business Planning team.
- 6.2 General responsibility for managing risk forms an integral part of the job descriptions of individuals throughout the Force.

7 Equality Implications

- 7.1 There are no known equality implications associated with the implementation of the Risk Management Policy.
- 7.2 Where a particular risk is identified that could have an impact on the Force's equality objectives that risk will be assessed and managed in line with the Risk Management Policy.

8 Risk Management

- 8.1 One of the main aims of the Risk Management Policy is to achieve consistent application of risk management principles and techniques across all areas of the Force and NOPCC.
- 8.2 If the Force and NOPCC do not practice effective risk management within their decision making there is a risk of non-compliance with the principles set out in the Joint Code of Corporate Governance.

9 Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 An understanding and appreciation of strategic risk is important in determining the priorities in the Police and Crime Plan, and subsequently informing the development of effective strategies, policies and plans to address those priorities. It is expected that the implementation of the Risk Management Policy will lead to improved understanding of strategic risk and therefore impact positively on the achievement of Police and Crime Plan objectives.

10 Changes in Legislation or other Legal Considerations

- 10.1 Where potential changes in legislation or other legal considerations represent a significant threat or opportunity for the Force or the NOPCC these are evaluated and managed in line with the Risk Management Policy.

11 Details of outcome of consultation

- 11.1 Each Strategic Risk has been assessed with the relevant risk owner and the DCC and Chief Executive of the NOPCC, respectively.

Appendix 3 – Mitigation for High Level Strategic Risks

| | | | | | | | |
|---|---|--|---|---|---|----|--|
| SR2 MFSS Business continuity Create a service that works for local people | Business continuity risks associated with MFSS transfer of payroll system in April 2019 Owner: Chief Finance Officer | - Workforce confidence / morale - Service delivery - Reputation / public confidence risk | Treat | 4 | 4 | 16 | Ongoing oversight via MFSS Management Board and Strategic Oversight Board. Preparation of advice for officers and staff Review date: Ongoing |
| | | | Ongoing oversight via MFSS Management Board and Strategic Oversight Board | 4 | 4 | 16 | |
| | | | | | | ▲ | |

Since the go-live of Oracle Cloud Apps (April 19) payroll errors and inaccuracies have continued. Whilst outstanding service requests remain an issue, a payroll improvement plan to utilise in-house Notts payroll support to MFSS and recruitment of additional payroll contract staff within MFSS has been put in place from 27/06 to mitigate the risk. This plan is anticipated to be in place until 31/10/19 to stabilise the service.

The risk of delayed invoice payments has also been evidenced and this may impact the ability to deliver policing services and cause reputational damage to the force if suppliers put a stop to goods/services. Key processes are being reviewed alongside IT defects and remedial work is being undertaken.

The Crown Duty Management System (DMS) which is provisioned as part of Oracle Cloud Apps has continued to experience intermittent performance issues since go-live. A gold group was established in April 19 to manage the DMS performance issue. Additional servers and solid state disks have been implemented by Capgemini to stabilise per Agreement to migrate to Oracle Generation 2 was therefore approved by Joint Oversight Committee (JOC) 30/07 and is currently subject to contract agreement with Capgemini. This upgrade should remedy the DMS issues and some outstanding IT health check issues which are currently being addressed in the remediation plan managed via the Security Steering Group.

There is a risk that the longevity of the MFSS model cannot be sustained due to the inability to demonstrate value for money. The lack of a strong leadership team, unclear roles and responsibilities, increased staff stress and service failures has demonstrated that the future sustainability of MFSS is questionable. A review of core processes and harmonisation across forces is to be undertaken as short term mitigation and partners continue to provide support to MFSS to avoid service failures. Medium term options around the current MFSS management arrangements are being considered. In addition an early evaluation of alternative service delivery models has been undertaken by TowersHolt in July 19 and the findings are currently being considered.

The key risks and mitigating actions have been presented to the Joint Audit and Scrutiny Panel on 24/07/19 and to the Senior Leadership Forum on 16/07/19. DCC Barber is updated weekly on the MFSS position.

The conclusion of the recruitment process which will result in the Information Management Unit being fully resourced is now anticipated by the end of October 2019, followed by an induction and training period. It is anticipated the section will be fully functional with basic trained staff by the end of the year.

Mazars (our internal auditor) are back in force on 14th October to re-inspect this area of work. The risk will be reviewed following the outcome of this audit.

Planning and Community Engagement

Planning permission was applied for on the 1st of July. Currently there are no formal objections but an individual has started a petition opposing the location of the suite. Following on from the email to the Chief Constable, the project manager has met with Nottingham City Housing to engage with them around apprenticeships and other joint working that they can do with young people in Nottingham to get them into construction. They have also been briefed about other construction work that is taking place which could lead to additional co-working between Nottinghamshire Police, the companies working on these projects and Nottingham City Housing.

Zoe Anastasi (Willmott Dixon's Regional Community Manager) and the project manager have met with Councillor Shuguftah Quddoos (Berridge Ward) to discuss community engagement. Going forward, we are going to produce a pamphlet to address some of the scaremongering that is taking place and make people aware of the facts (the project manager will work with our analyst to establish information to address the issues being raised).

Councillor Quddoos will distribute these from her surgery and when visiting residents. We are also going to arrange a local forum to meet regularly and attend some of the regular meetings that the councillors hold.

The project manager has met with Mr Chris Leslie, MP for Nottingham East, who's constituents will be most affected by the development (although the site is on Nottingham North but the constituents in that area are separated from the site by the Leen and the railway). Mr Leslie was very positive and visited the site. He didn't raise any concerns and stated that he had not been contacted by any constituents who wanted to raise concerns. The project manager has also written to Mr Alex Norris, MP for Nottingham North but have not had a reply.

Site Preparation and Betterment

The site has been cleared and fenced. Contractors are on site and have completed the works to better the water table to the point where they need to start pumping chemicals into the ground. This requires a licence that should have been issued within 8 weeks but was not. This is being vigorously pursued but will not affect the construction programme as a sufficient buffer has been included between completion of this work and commencement on site (the period between planning being granted and the time it will take to secure all costs and agree a contract sum is longer than that required for these works).

Design Work

The ground floor layout has been finalised and only the office areas need to be agreed – staff representatives will assist with this final meeting. Detailed drawings have been produced and these have generated 3D virtual reality models. Representatives from custody (support and staff) and PHT have seen the models and have reacted positively to the work that has been done. staff engagement will continue throughout the project and a working group is to be established to look at the actual operation of the suite and day to day practical matters such as how officers will enter the suite to ensure that juveniles and vulnerable persons are routed correctly.

Programme

The project remains on schedule.

NOTE THE REDUCTION IN THE LEVEL OF RISK IN RELATION TO THE NEW CUSTODY CONSTRUCTION. THIS IS NO LONGER CONSIDERED A HIGH RISK FOR THE FORCE.

| For Information | |
| Public/Non Public | Public |
| Report to: | Joint Audit and Scrutiny Panel (JASP) |
| Date of Meeting: | November 2019 |
| Report of: | Amanda Froggatt, Strategic Support Officer |
| Report Author: | Amanda Froggatt, Strategic Support Officer |
| E-mail: | amanda.froggatt@nottinghamshire.pnn.police.uk |
| Other Contacts: | n/a |
| Agenda Item: | 8 |

Audit and Inspection Update

1. Purpose of the Report

- 1.1 To provide the Joint Audit and Scrutiny Panel (JASP) with an update on progress against recommendations arising from audits and inspections which have taken place during Quarter 2, 2019/20.
- 1.2 To inform the Board of the schedule of planned audits and inspections.
- 1.3 To provide further information on the area identified for further scrutiny as requested at the last JASP (Appendix 2 – Crime Data Integrity, presentation).

2. Recommendations

- 2.1 That the Panel notes the status of audits and inspections carried out over the last quarter.
- 2.2 That the Panel review Appendix 1 and if required request further detail which will be reported at the next meeting.

3. Reasons for Recommendations

- 3.1 To enable the Panel to fulfil its scrutiny obligations with regard to Nottinghamshire Police and its response to audits and inspections.
- 3.2 To provide the Panel with greater scrutiny opportunities and to reach more informed decisions.
- 3.3 To provide the Panel with the opportunity to shape the focus and data inputs for future HMICFRS inspections.

4. Summary of Key Points

Audit and Inspection Action Updates

- 4.1 The actions referred to in this report are the result of recommendations made by Nottinghamshire Police's internal auditors and external inspectorates, including HMICFRS.
- 4.2 There are currently 0 actions which have exceeded their target date. There are 70 actions showing as 'at risk' of being off target i.e. they will exceed their target date in the next month.
- 4.3 There were 29 actions closed during this quarter.
- 4.4 Recent and forthcoming Inspections.

Recent Inspection Activity

| Date of Inspection | Inspection Area | Date Report Received | Final Grading | Status |
|--------------------|-----------------|----------------------|---------------|--------|
| None to report | | | | |

Forthcoming HMICFRS Inspections

| Date of Inspection | Inspection Area | Status |
|--------------------|--|--|
| December 2019 | Harassment and Stalking, Hate Crime, Mental Health | Ad-hoc two day inspection looking at recommendations |
| December 2019 | Wellbeing Cause of Concern | One day visit to look at progress against Cause of Concern |

Publications

| Date of Publication | Inspection Area | Status |

Overview of all on-going actions from Audits & Inspections - Appendix 1

Area Identified for further scrutiny – Crime Data Integrity – Presentation to follow

5. Financial Implications and Budget Provision

- 5.1 If financial implications arise from recommendations raised from audits, inspections and reviews, these implications are considered accordingly. Where an action cannot be delivered within budget provision, approval will be sought through the appropriate means.

6. Human Resources Implications

- 6.1 There are no direct HR implications as a result of this report. HR implications resulting from specific actions will be managed on a case by case basis.

7. Equality Implications

- 7.1 There are no direct HR implications as a result of this report. HR implications resulting from specific actions will be managed on a case by case basis.

8. Risk Management

- 8.1 Some current actions involve the completion of formal reviews of specific business areas. It is possible that some or all of these reviews will identify and evaluate significant risks, which will then be incorporated into the Force's risk management process.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 Any policy implications will be subject to current policy development process.

10. Changes in Legislation or other Legal Considerations

- 10.1 There are no direct legal implications as a result of this report.

11. Details of outcome of consultation

- 11.1 Following receipt of a final audit or inspection report a member of the Governance and Planning team consults with the appropriate Lead Officer and other stakeholders to plan appropriate actions in response to each relevant recommendation, or to agree a suitable closing comment where no action is deemed necessary.
- 11.2 All planned actions are added to the action planning system, 4Action, for management and review until completion.

12. Appendices

- 12.1 Appendix 1 - Overview of all ongoing actions from Audits and Inspections
- 12.2 Appendix 2 – Crime Data Integrity (Presentation)

Appendix 1 - Overview of all ongoing actions from Audits and Inspections: October 2019

Joint Audit and Scrutiny Panel – 15th Nov 2019

Crime Data Integrity

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

National Crime Recording Standard - Aims

- Introduced in 2002 - to promote greater consistency between ALL 43 forces in England & Wales in the recording & disposal of crime
 - To take a victim orientated approach to crime recording
 - National Standard which must be complied with
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Why is it Important?

- Accurate crime recording underpins everything we do
 - To identify exactly what offences are being committed; the intensity and severity; where, when and how being committed; and potentially, why and by whom.
 - The effective analysis and targeting of valuable resources / partners to prevent more people becoming victims of crime and bring more offenders to justice.
 - Recording a crime - important step in protecting victims ensuring receive the tailored service they are entitled to
 - Complete trust & confidence in the police - engagement
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Basic Principles

- Incident will be recorded as a crime without delay if:
- On the balance of probabilities the circumstances amount to a crime as defined in law AND
- The Victim (or person reasonably assumed to be acting on behalf of victim inc. parent, carer, professional) confirms a crime has occurred UNLESS
- At the time of reporting there is 'credible evidence to the contrary' immediately available

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

‘Credible Evidence to the Contrary’

- Credible Evidence is exactly that – Evidence which is transparently reliable and without question. In order to justify not recording a crime the Police must be able to prove unequivocally and without any doubt that a notifiable offence has not occurred. Unless this can be evidenced at the time of reporting NCRS requires a crime to be recorded.

Force Governance

- DCC Barber – Chief officer lead for NCRS
 - Force Crime Registrar – nationally accredited reporting directly to the DCC
 - Designated Decision Makers (DDMs)
 - Force Information Management Board (strategic) – DCC Barber
 - Crime and Data Quality Board (tactical) – ACC Cooper
 - Data Quality Champions WG – Det Ch Supt Milano
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Crime Management, Assurance, Improvement

- New First Contact Arrangements – Nov 2018
 - Moved crime recording closer to the point of call
 - 55-60% of crime recorded by FC Teams
 - Improved service - timeliness, quality, consistency (and compliance)
 - Compliance Team
 - Telephone Investigation Bureau
 - New C & C system – SAFE by Saab – Jan 2020
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Culture of 'Right First Time'

- Quality 'Assurance' rather than Quality 'Control'
 - First Contact Arrangements – includes 'real time' feedback
 - Effective, intrusive Supervision – QA
 - Continual Professional Development supported by IT, Training, Comms, Guidance
 - Data Quality Champions Working Group
 - Performance oversight / feedback
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Current Compliance – year to date

- Overall – 96.3%
 - Burglary 100%
 - Robbery 98%
 - Vehicle 100%
 - Violence 95%
 - Sexual Offences and Rape 99%
 - Other Crime inc. Knife 98%
 - Stalking / Harassment 93%
-

NOTTINGHAMSHIRE
POLICE
PROUD TO SERVE

Future External Scrutiny

- HMICfrs Crime Data Integrity Inspections Phase 2 almost complete - but CDI scrutiny will continue
 - 2 forces to be subject to Tier 3 Inspections before end of March 2020 (originally graded as RI, Good or Outstanding)
 - Phase 3 commencing April 2020
 - CDI will be incorporated into overall PEEL Inspections
 - Mazars – OoPCC Internal Audit
-

INTERNAL AUDIT PROGRESS REPORT

1. Purpose of the Report

- 1.1 To provide members with an update on progress against the Internal Audit Annual Plan for 2019-20 and the findings from audits completed to date.

2. Recommendations

- 2.1 Members are recommended to consider the report and where appropriate make comment or request further work in relation to specific audits to ensure they have adequate assurance from the work undertaken.

3. Reasons for Recommendations

- 3.1 This complies with good governance and in ensuring assurance can be obtained from the work carried out.

4. Summary of Key Points

- 4.1 The attached report details the work undertaken to date and summarises the findings from individual audits completed since the last progress report to the panel.

5. Financial Implications and Budget Provision

- 5.1 None as a direct result of this report.

6. Human Resources Implications

- 6.1 None as a direct result of this report.

7. Equality Implications

- 7.1 None as a direct result of this report.

8. Risk Management

- 8.1 None as a direct result of this report. Recommendations will be actioned to address the risks identified within the individual reports and recommendations implementation will be monitored and reported within the audit and inspection report to this panel.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 This report complies with good governance and financial regulations.

10. Changes in Legislation or other Legal Considerations

- 10.1 None

11. Details of outcome of consultation

- 11.1 Not applicable

12. Appendices

- 12.1 Appendix A – Internal Audit Progress Report 2019-20

Office of the Police & Crime Commissioner for Nottinghamshire and
Nottinghamshire Police

Internal Audit Progress Report 2019/20

November 2019

Presented to the Joint Audit & Scrutiny Panel meeting of: 15th November 2019

Contents

- 01 Introduction
- 02 Summary and conclusions from Internal Audit work to date
- 03 Performance

Appendices

- A1 Summary of Reports
- A2 Internal Audit Plan 2019/20
- A3 Definition of Assurances and Priorities
- A4 Contact Details
- A5 Statement of Responsibility

01 Introduction

- 1.1 The purpose of this report is to update the Joint Audit & Scrutiny Panel (JASP) as to the progress in respect of the Operational Plan for the year ended 31st March 2020, which was considered and approved by the JASP at its meeting on 22nd February 2019.
- 1.2 The Police and Crime Commissioner and Chief Constable are responsible for ensuring that the organisations have proper internal control and management systems in place. In order to do this, they must obtain assurance on the effectiveness of those systems throughout the year, and are required to make a statement on the effectiveness of internal control within their annual report and financial statements.
- 1.3 Internal audit provides the Police and Crime Commissioner and Chief Constable with an independent and objective opinion on governance, risk management and internal control and their effectiveness in achieving the organisation's agreed objectives. Internal audit also has an independent and objective advisory role to help line managers improve governance, risk management and internal control. The work of internal audit, culminating in our annual opinion, forms a part of the OPCC and Force's overall assurance framework and assists in preparing an informed statement on internal control.
- 1.4 Responsibility for a sound system of internal control rests with the Police and Crime Commissioner and Chief Constable and work performed by internal audit should not be relied upon to identify all weaknesses which exist or all improvements which may be made. Effective implementation of our recommendations makes an important contribution to the maintenance of reliable systems of internal control and governance.
- 1.5 Internal audit should not be relied upon to identify fraud or irregularity, although our procedures are designed so that any material irregularity has a reasonable probability of discovery. Even sound systems of internal control will not necessarily be an effective safeguard against collusive fraud.
- 1.6 Our work is delivered in accordance with the Public Sector Internal Audit Standards (PSIAS).

02 Summary of internal audit work to date

- 2.1 Since the last meeting of the JASP we have issued the two final report in respect of the 2019/20 plan, this being in respect of Performance Management and Business Continuity & Emergency Planning. Additionally we have issued three draft reports, this being in respect of MFSS Contract Management, Custody Arrangements and Data Quality. Further details are provided in Appendix 1.

| Nottinghamshire Audits 2019/0 | Status | Assurance Opinion | Priority 1 (Fundamental) | Priority 2 (Significant) | Priority 3 (Housekeeping) | Total |
|--|--------|---------------------|-----------------------------|-----------------------------|------------------------------|-------|
| Performance Management | Final | Satisfactory | | 4 | 1 | 5 |
| Business Continuity & Emergency Planning | Final | Force: Satisfactory | 1 | 2 | | 3 |
| | | OPCC: Limited | | | | |
| MFSS Contract Management | Draft | | | | | |
| Custody Arrangements | Draft | | | | | |
| Data Quality | Draft | | | | | |
| Total | | | 1 | 6 | 1 | 8 |

- 2.2 Furthermore, we have now issued the final 2018/19 collaboration report, this being an additional piece of work to that in the original plan relating to Projected Underspends. Further details are provided in Appendix A1
- 2.3 The fieldwork for the IT Security and GDPR audits has been carried out. Dates to carry out the Core Financial Systems Audit have been agreed for quarter three and provisional timings have been set for the remaining audits in Quarter four.
- 2.4 As reported in the previous progress report, with regards the collaboration audits that form part of the internal audit plans for 2019/20, it was agreed at the Joint Chief Finance Officers meeting that a similar approach to 2018/19 will be taken whereby a number of 'themed' audits will be carried out across a sample of units. The proposed 'themed' audits are Performance Management, Business Continuity and Health & Safety and will be carried out between October 2019 and January 2020.

03 Performance

- 3.1 The following table details the Internal Audit Service performance for the year to date measured against the key performance indicators that were set out within Audit Charter.

| No | Indicator | Criteria | Performance |
|----|--|--|-------------|
| 1 | Annual report provided to the JASP | As agreed with the Client Officer | N/A |
| 2 | Annual Operational and Strategic Plans to the JASP | As agreed with the Client Officer | Achieved |
| 3 | Progress report to the JASP | 7 working days prior to meeting. | Achieved |
| 4 | Issue of draft report | Within 10 working days of completion of final exit meeting. | 100% (5/5) |
| 5 | Issue of final report | Within 5 working days of agreement of responses. | 100% (2/2) |
| 6 | Follow-up of priority one recommendations | 90% within four months. 100% within six months. | Achieved |
| 7 | Follow-up of other recommendations | 100% within 12 months of date of final report. | N/A |
| 8 | Audit Brief to auditee | At least 10 working days prior to commencement of fieldwork. | 100% (7/7) |
| 9 | Customer satisfaction (measured by survey) | 85% average satisfactory or above | 100% (1/1) |

Appendix A1 – Summary of Reports

Below we provide brief outlines of the work carried out, a summary of our key findings raised and the assurance opinions given in respect of the final reports issued since the last progress report in respect of the 2018/19 Internal Audit Plan:

Collaboration: Projected Underspends

| | |
|--------------------------|---------|
| Assurance Opinion | Limited |
|--------------------------|---------|

| Recommendation Priorities | |
|----------------------------------|---|
| Priority 1 (Fundamental) | 1 |
| Priority 2 (Significant) | 1 |
| Priority 3 (Housekeeping) | 1 |

An audit was undertaken earlier in the year in respect of Strategic Financial Planning. That audit covered the development of financial plans, delivery of efficiency savings, budget management and monitoring, and budget shortfalls. This audit specifically focused on Projected Underspends across a sample of collaboration units agreed by the CFO's and should be read in conjunction with the earlier report. The selected units were East Midlands Operational Support Services (EMOpSS), East Midlands Criminal Justice Service (EMCJS) and East Midlands Special Operations Unit Major Crime Unit (EMSOU MC).

Our audit considered the risks relating to the following areas under review:

- Roles and responsibilities for budget monitoring and financial reporting within the unit are clearly stated.
- Clear timetables are in place for the production of financial performance reports.
- There are effective and robust budget management and monitoring procedures, including the forecasting of budget shortfalls.
- Variances to budget projections are recognised as part of the reporting process and adequate information is provided to explain underspends / overspends during the year.
- Amendments to collaboration budgets have appropriate and robust governance arrangements in place.
- The completion of budget monitoring reports are undertaken consistently with accurate forecasting to enable future positions to be considered.
- Reports on financial performance are submitted in a timely manner to the PCC's Board, including the relevant regional forces.

We raised one priority 1 recommendation of a fundamental nature that require addressing. This is set out below:

| | |
|-----------------------------|---|
| Recommendation 1 | A clearly defined virement process should be agreed for all in year amendments of collaboration budgets. |
| Finding | <p>The base budgets for the collaboration units have a defined process in place, with approval given at the PCC Board on an annual basis.</p> <p>During 2018/19 the EMCJS Management Board agreed to carry out a budget virement to reallocate some central staffing costs back to the Forces, therefore reducing the</p> |

| | |
|-----------|--|
| | <p>overall budget by £127k and therefore this reduced the projected underspend during the 2018/19 financial year.</p> <p>As collaboration budgets are made up of contributions from the Forces that are part of the collaboration, a virement approval process should include authorisation from each Force so that there is a clear rationale behind the in-year adjustment and the impacts of the virement are clearly understood.</p> |
| Response | Agreed |
| Timescale | Jon Peatling / 31 December 2019 |

We raised one significant (priority 2) recommendation where felt that the control environment could be improved. This related to the following:

- The timing of PCC Board meetings should be considered in regard to period end financial reporting.

The actual figures reported to the PCC Board should be clear on which period they relate to.

It should be ensured that a finance report is presented for the PCC Board each quarter.

We also raised one priority 3 recommendation of a more housekeeping nature relating to the provision of quarterly finance reports to the PCC Board.

Management have confirmed that agreed actions will be completed by the end of December 2019.

Performance Management

| | |
|--------------------------|---------------------|
| Assurance Opinion | Satisfactory |
|--------------------------|---------------------|

| Recommendation Priorities | |
|---------------------------|---|
| Priority 1 (Fundamental) | - |
| Priority 2 (Significant) | 4 |
| Priority 3 (Housekeeping) | 1 |

Our audit considered the risks relating to the following control objectives:

Performance Management Framework

- There is a robust and formal performance management framework in place.

Targets and Measurement

- Performance targets are relevant, realistic, measurable and are properly communicated to staff.
- The Force's performance management arrangements are effectively aligned with the PCC Plan, HMICFRS and other relevant requirements.

Performance Data

- Performance data is accurate, consistent, timely and reliable, and any errors are identified and corrected in a timely manner.
- Staff have access to adequate policies and procedures relating to input of performance data.

Management Reporting

- There are effective reporting routines in place which provide up to date and accurate information to the relevant forum on the delivery of the service.
- Benchmarking information is available that allows comparative data and learning opportunities.

Performance Oversight

- There is a clear structure of performance oversight across the Force covering both strategic and operational performance.
- There are effective escalation procedures in place to resolve areas of under-performance.

We raised four priority 2 recommendations where we believe there is scope for improvement within the control environment. These are set out below:

- The specific training needs of the Performance & Insight Team should be reviewed / established and a formal training plan produced, monitored and kept up to date.
- The roles and responsibilities of the Performance & Insight Team should be reviewed and communicated to stakeholders. The review should take into account the changing resources of the Team and its alignment with stakeholder expectations. As part of the review, agreement should be reached with stakeholders with regards the following Content of reports., Timeliness of reporting, Attendance at pre-meeting and the relevant forum and The role of the analyst versus that of the researcher.
- A formal plan should be put in place, and monitored, to re-write the remaining Business Objects scripts. As part of the training provision referred to above, the Team should continue to look to means by which greater automation can be achieved in the extract and provision of performance data.
- The content of the Performance & Insight Report, particularly in terms of its reporting on the themes / outcomes in the Police & Crime Plan, should be reviewed and updated where necessary.

We also raised one priority3 recommendation of a more housekeeping nature relating to the attendance at the Data Quality Board.

Management confirmed that all actions would be addressed by December 2019.

Business Continuity & Emergency Planning

| | | |
|--------------------------|--------------|---------------------|
| Assurance Opinion | Force | Satisfactory |
| | OPCC | Limited |

| Recommendation Priorities | |
|----------------------------------|---|
| Priority 1 (Fundamental) | 1 |
| Priority 2 (Significant) | 2 |
| Priority 3 (Housekeeping) | - |

Our audit considered the risks relating to the following control objectives:

Roles and Responsibilities

- Roles and responsibilities in respect of Business Continuity and Emergency Planning across the OPCC and Force are clearly defined, with officers and staff having a full understanding and accountability for associated processes.

Policies and Procedures

- Effective policies and procedures are maintained and regularly reviewed to ensure a consistent and effective approach to Business Continuity and Emergency Planning is applied across the OPCC and Force.
- There is clear identification of critical functions across the Force and Departments.

Plans

- There are effective Business Continuity Plans and Emergency Plans to ensure that incidents are effectively escalated and emergency action is mobilised where required.

Business Continuity Test Plans

- The Business Continuity Plans and Emergency Plans are subject to regular testing to ensure they remain fit for purpose.

Continuous Improvement and Lessons Learnt

- The delivery of testing plans, associated outcomes and unplanned events is monitored, with systems embedded to drive continuous improvement and lessons learnt. Where issues are identified, these are appropriately escalated.

Monitoring and Reporting

- There is regular monitoring and reporting of business continuity and emergency planning processes and there is opportunity for effective challenge and scrutiny.

We raised one priority 1 recommendation of a fundamental nature that require addressing. This is set out below:

| | |
|---------------------|--|
| Recommendation 1 | The OPCC should formalise its Business Continuity arrangements, with the implementation of their own Business Continuity Plan. |
| Finding | The OPCC does not currently have their own BC Policy or individual BC Plan that lists critical functions and the ability to maintain these in an incident or emergency situation. The Force BC Manager has recently met with Chief Executive of the OPCC and have some ongoing actions to review their arrangements. |
| Response | Agreed. Force will work with OPCC to put together a Business Continuity Plan. Action:- Force to work with OPCC to put together a Business Continuity Plan. |
| Timescale | Risk and Business Continuity Officer/OPCC - 31 December 2019 |

We raised two priority 2 recommendations where we believe there is scope for improvement within the control environment. These are set out below:

- The Force should review the training and guidance that is available for key roles within the Business Continuity Management System, roll out the planned cascade of training to all key staff and consider specific training for the departmental SPOC role.
- The Force should report on Emergency Planning processes and issues to the Joint Audit and Scrutiny Panel (JASP) and the Organisational Risk, Learning, Standards & Integrity Board. This should include the plan matrix produced by the LRF Secretariat to provide monitoring and oversight over planned testing.

Appendix A2 Internal Audit Plan 2019/20

| Auditable Area | Planned Fieldwork Date | Draft Report Date | Final Report Date | Target JASP | Comments |
|---|------------------------|-------------------|-------------------|-------------|-------------------------|
| Core Assurance | | | | | |
| Core Financial Systems | Dec 2019 | | | Feb 2020 | Fieldwork dates agreed. |
| Strategic & Operational Risk | | | | | |
| Data Quality | Sept 2019 | October 2019 | | Nov 2019 | Draft Report Issued |
| Programme Management | Feb 2019 | | | May 2020 | Fieldwork dates agreed. |
| MFSS Contract Management | Sept 2019 | Sept 2019 | | Nov 2019 | Draft Report Issued. |
| Business Continuity & Emergency Planning | May 2019 | June 2019 | August 2019 | Nov 2019 | Final Report Issued. |
| IT Security | Oct 2019 | | | Feb 2020 | Fieldwork Completed |
| General Data Protection Regulation (GDPR) | Oct 2019 | | | Feb 2020 | Fieldwork Completed |
| Health & Safety | Feb 2020 | | | May 2020 | |
| Performance Management | June 2019 | June 2019 | August 2019 | Nov 2019 | Final Report Issued |
| Custody Arrangements | Sep 2019 | Oct 2019 | | Nov 2019 | Draft Report Issued. |

| Auditable Area | Planned Fieldwork Date | Draft Report Date | Final Report Date | Target JASP | Comments |
|------------------------|------------------------|-------------------|-------------------|-------------|----------|
| Collaboration | | | | | |
| Performance Management | Oct 2019 | | | Feb 2020 | |
| Business Continuity | Nov 2019 | | | Feb 2020 | |
| Health & Safety | Jan 2020 | | | May 2020 | |

Appendix A3 – Definition of Assurances and Priorities

| Definitions of Assurance Levels | | |
|---------------------------------|---|--|
| Assurance Level | Adequacy of system design | Effectiveness of operating controls |
| Significant Assurance: | There is a sound system of internal control designed to achieve the Organisation's objectives. | The control processes tested are being consistently applied. |
| Satisfactory Assurance: | While there is a basically sound system of internal control, there are weaknesses, which put some of the Organisation's objectives at risk. | There is evidence that the level of non-compliance with some of the control processes may put some of the Organisation's objectives at risk. |
| Limited Assurance: | Weaknesses in the system of internal controls are such as to put the Organisation's objectives at risk. | The level of non-compliance puts the Organisation's objectives at risk. |
| No Assurance | Control processes are generally weak leaving the processes/systems open to significant error or abuse. | Significant non-compliance with basic control processes leaves the processes/systems open to error or abuse. |

| Definitions of Recommendations | |
|----------------------------------|--|
| Priority | Description |
| Priority 1 (Fundamental) | Recommendations represent fundamental control weaknesses, which expose the organisation to a high degree of unnecessary risk. |
| Priority 2 (Significant) | Recommendations represent significant control weaknesses which expose the organisation to a moderate degree of unnecessary risk. |
| Priority 3 (Housekeeping) | Recommendations show areas where we have highlighted opportunities to implement a good or better practice, to improve efficiency or further reduce exposure to risk. |

A5 Statement of Responsibility

Status of our reports

The responsibility for maintaining internal control rests with management, with internal audit providing a service to management to enable them to achieve this objective. Specifically, we assess the adequacy of the internal control arrangements implemented by management and perform testing on those controls to ensure that they are operating for the period under review. We plan our work in order to ensure that we have a reasonable expectation of detecting significant control weaknesses. However, our procedures alone are not a guarantee that fraud, where existing, will be discovered.

The contents of this report are confidential and not for distribution to anyone other than the Office of the Police and Crime Commissioner for Nottinghamshire and Nottinghamshire Police. Disclosure to third parties cannot be made without the prior written consent of Mazars LLP.

Mazars LLP is the UK firm of Mazars, an international advisory and accountancy group. Mazars LLP is registered by the Institute of Chartered Accountants in England and Wales to carry out company audit work.

POLICE AND CRIME COMMISSIONER'S UPDATE REPORT TO AUGUST 2019

1. PURPOSE OF THE REPORT

- 1.1 This report was presented to the Police and Crime Panel on 23 September 2019 and is presented to the Joint Audit and Scrutiny Panel ("the panel") for information and to provide an update on progress in delivery against the Police and Crime Commissioner's (Commissioner) Police and Crime Plan (2018-21), in compliance with the Commissioner's statutory duties^a.
- 1.2 This report sets out performance over the 1st April 2019 to 31st July 2019 financial year, including any additional contextual information requested by the panel since June 2019.

2. RECOMMENDATIONS

- 2.1 The Panel is invited to note the contents of this update report, consider the issues highlighted and seek assurance from the Commissioner on any outstanding issues or concerns.

3. REASONS FOR RECOMMENDATIONS

- 3.1 The Police and Crime Panel has a statutory duty via the Police Reform and Social Responsibility Act 2011 to provide scrutiny of, and support to, a Commissioner in relation to the Police and crime plan and is empowered to maintain a regular check and balance on the performance of the PCC in that context (Section 14 of the Policing Protocol 2011).
- 3.2 The information provided as part of the Commissioner's update report is designed to assist the Police and Crime Panel in fulfilling these duties.

^a Section 13 of the Police Reform and Social Responsibility (PR&SR) Act 2011 requires the Commissioner to, subject to certain restrictions, provide the Panel with any information which they may reasonably require in order to carry out their functions, and any other information which the Commissioner considers appropriate

4. Summary of Key Points

POLICE AND CRIME PLAN (2018-21)

- 4.1 The Commissioner's Police and Crime Plan (2018-21) set 57 performance indicators and 12 sub-measures across four strategic themes. This report details performance against a number of headline measures, in addition to notable performance exceptions – both positive and negative – observed during the 2019/20 financial year. Exceptions include indicators that have seen significant divergence from the level or trend expected.
- 4.2 The full suite of performance measures across all four themes for the current year can be found in the Performance section of the Commissioner's website^b.

5. Police and Crime Plan Performance Headlines

- 5.1 Performance in relation to 'protecting people from harm' remains relatively strong with ongoing increases in pro-active adult and child safeguarding referrals (+21%), reductions in child sexual exploitation crimes (-12%) and missing person reports (-8%) and increasing levels of disclosure and identification of domestic abuse (+28%). This has been coupled with ongoing improvements in proactive street triage and early intervention activity.
- 5.2 HMICFRS's 2018 integrated PEEL assessment (published in May 2019), assessed the force as 'good' at protecting vulnerable people from harm, marking an improvement on the grading received in 2017. The report states that:

'Nottinghamshire Police is good at spotting vulnerable people when they first contact the force. It has got better at responding to them. Officers and staff treat vulnerable people well. The force regularly gets feedback from vulnerable victims to help improve its approach. This includes those who don't support police action. The force makes good use of its powers to protect people. Officers and staff are good at assessing risk at domestic abuse incidents and respond well to people with mental health problems'.

- 5.3 HMICFRS identify a number of areas for improvement, however, which include completion rates for DASH RIC (Domestic Abuse, Stalking and Harassment Risk Identification Checklist) and the timely response to incidents and appointments assessed 'non-priority'.
- 5.4 Violent knife crimes recorded by police have reduced by around 3.3% in the last year following a peak in August 2018. This has been coupled with increased police pro-activity over this period which led to a 32.6% increase in recorded possession of weapons offences – predominantly attributable to Operation Reacher. Every

^b <https://www.nottinghamshire.pcc.police.uk/Public-Information/Performance/>

possession of weapons offence dealt with by the police is potentially preventing the future use of a weapon in a violent offence, and therefore, the upward trend in the recording of these offences is viewed positively.

- 5.5 A 2018/19 baseline has been established for 'cope and recover' outcomes set out in the Ministry of Justice monitoring framework for PCC commissioned victim services. Around 73% of victims leaving these services during 2018/19 reported improvements in cope and recover outcomes. It should be noted, however, that improvements in crime recording and victim disclosure alongside increased pressures on local policing services has led to a steady decline in the rate of positive outcomes for victim based crimes (-2% pts), including cases of domestic violence (-8.4%) and rape (-3% pts). This indicator is updated bi-annually.
- 5.6 HMICRFS's 2018 integrated PEEL Report (published in May 2019), assessed the force as 'requiring improvement' in the way it works to prevent crime and ASB. This marks a deterioration on the assessment given in 2017, with 'minimal progress' having been made in; working with local people to improve understanding of local communities and demonstrate action taken to address their concerns and; prioritising, evaluating and routinely sharing effective practice in crime and ASB prevention. Extensive work is underway to reinvigorate neighbourhood-based problem solving. This includes the introduction of a new problem solving framework informed by quarterly findings from the Commissioner's Police and Crime Survey, and a problem solving conference for community safety partners which is being hosted by the PCC on 12 November.
- 5.7 The Nottinghamshire Police and Crime Survey indicates that the prevalence of crime has increased marginally over the previous year at force (1.5% pts), city (+2.3%) and county (+1.2%) levels. This has been reflected in the profile of police recorded crime where the volume of victim-based crime has also increased at force (+3.3%), city (+2.5%) and county (+3.7%) levels. The crime survey indicates that the proportion of crime going on to be reported to the police has also increased over the last year from around 46% to 59%.
- 5.8 249 offenders are currently under active IOM management, either in the community or on short-term prison sentences while 232 offenders have been successfully removed from the scheme since January 2016. Together, these cohorts have achieved an average reduction in reoffending risk of 73.7% - which is over and above the level expected of a high performing scheme (45%). The IOM programme is also managing 44 high risk serial domestic violence perpetrators, 85 MAPPA nominals, 72 knife crime flagged offenders and 40 organised crime group offenders. The programme also commenced management of an additional non-statutory cohort for knife crime early intervention in August 2019 as a result of additional PCC funding for two Probation Support Officers. See 6.5

Nottinghamshire Police and Crime Plan: Headline Indicators

| Theme | Measure | Baseline | Current | Trend | Comment |
|-------------------------------------|---|--|--|---------------------|---|
| Protecting people from harm | Police Effectiveness: Protecting vulnerable people | Requires Improvement (2017) | Good (2019) | ▲ | HMICFRS PEEL Assessment - May 2019 Inspection reported improvement in grading – noting improvements in response to and early identification of domestic abuse. |
| | Adult and child safeguarding referrals | 5,067 (Jul 2018) | 6,121 (Jul 2019) | ↑ 20.8% | Safeguarding referrals have reached the highest on record largely due to improved identification, referral and recording of safeguarding concerns, 1,054 additional referrals in the year to July 2019. |
| | Violent knife crime recorded by police | 893 (Jul 2018) | 866 (Jul 2019) | ↓ 3.0% | Police recorded violent knife displays a sporadic pattern, but has reduced marginally since its peak in August 2018. Tackling knife crime remains a core police and priority for the area. |
| Helping and supporting victims | Victim Services: Improvement in 'cope and recover' outcomes | 73.5% (Mar 2019) | 73.5% (Mar 2019) | n/a | PCC Commissioned victim services: Average 73% showing improvement, most notably in being 'better able to cope' (76%) and improved health and wellbeing (75%). |
| | Repeat victims of domestic abuse presenting to police | 32.7% (Jul 18) | 33.8% (Jul 19) | ↑ 1.1% pts | While levels of domestic abuse crime captured and reported to the police has increased by 28% over the last year, only a 1.1% point increase in repeat victimisation has been observed over this period. |
| | Positive outcome rate for serious sexual offences | 10.1% (Jul 18) | 8.2% (Jul 19) | ↓ 1.9% pts | Positive outcomes rates for SSO continue to show a steadily decline following increases in disclosure and third party reporting. Absolute volume of positive outcomes remains stable. |
| Tackling Crime and ASB | Police Effectiveness: Preventing / tackling crime and ASB | Good (2017) | Requires Improvement (2019) | ▼ | HMICFRS PEEL Assessment – May 2019 highlighted 'minimal progress' in improving understanding of communities and prioritising crime prevention. These areas are receiving a renewed focus in 2019. |
| | Crime prevalence: % residents experiencing crime in last 12 months | 17.4% (Jun 2018) | 18.9% (Jun 2019) | ↑ 1.5% pts | Police & Crime Survey highlights a rise in crime prevalence in Nottingham (+2.3%pt) and South Notts (+3.5%pt) compared to reductions in Mansfield & Ashfield saw a 2.5%pt reduction in crime prevalence |
| | Integrated Offender Management – reduction in reoffending risk | -78.7% (Jun 2018) | -73.7% (Jun 2019) | -5.0% pts (>45%) | 232 offenders successfully removed from the scheme since January 2016 achieved an average reduction in reoffending risk of 73.7%. IOM continues to be adapted to take account of the changing risk profile |
| Transformation and quality policing | Police efficiency: Efficiency & sustainability of policing services | Requires Improvement (2017) | Requires Improvement (2019) | ◀▶ | HMICFRS PEEL Assessment – May 2019 The force 'needs to improve how it meets current demands and uses its resources and how it plans for the future'. See case study detailing current work underway. |
| | % residents feeling the police 'do a good job' | 47.2% (Jun 2018) | 46.9% (Jun 2019) | ↑ 0.5% pts | Police & Crime Survey: Marginal improvement in public perceptions. Strongest in the city (55%) and lowest in Bassetlaw, Newark and Sherwood (41%). |
| | Achieving a balanced budget: Budget vs Spend | +£0.85m rev -£4.18m cap (Mar 2019) | +£0.93m rev -£0.35m cap (Mar 2020) | Stable Reduced | Forecast revenue overspend of £0.935m in 2019/20 largely due to unexpected IS and MFSS costs. Forecast capital underspend of £0.353m and £3.2m programme slippage |

5.9 HMICFRS's 2018 integrated PEEL Report (May 2019) concluded that the force 'requires improvement' in how efficiently and sustainably it delivers services. Specific areas for improvement include tracking benefits of new arrangements for managing demand, understanding and addressing gaps in workforce capabilities and improving understanding and analysis of future demand. The PCC has

commissioned targeted work to help address these issues in 2019, which is detailed in the case study at paragraph 8 below.

- 5.10 Public confidence in the police, as monitored by the Police and Crime Survey, remains relatively stable. As at June 2019, around 53.4% of respondents reported having confidence in the police in their area, while 47.7% agreed that the police in their area 'do a good job'. Confidence remains higher than average in Nottingham (60.0%, 55.3%) and below average in Bassetlaw, Newark and Sherwood (48.0%, 41.4%), although improvements have been observed in both over the last year.
- 5.11 As at June 2019, the force/OPCC are projecting: a revenue overspend of £935,000 in 2019/20 driven by unexpected costs in information services and estates and overspend on MFSS; a capital budget underspend of £353,000 driven by procurement savings within the command and control project and; capital programme slippage of £3,202,000 partly due to financial profiling issues within the new custody suite project. Further details are provided in section 11.
- 5.12 Actual spend to the end of June 2019 is £50,736k revenue and £2,168k capital. The budget is continually scrutinised and challenged with budget holders which will result in ongoing revisions throughout the year.

6. Police and Crime Plan Performance – Positive Exception Reporting

- 6.1 Data as at 31 July 2019 highlights strong and improving performance across the following Police and Crime Plan performance indicators in comparison to performance during the previous year:-

| Theme | Measures | Jul 2019 |
|----------------------|--|-----------|
| Protecting from harm | Adult and child safeguarding referrals | +20.8% |
| Supporting victims | Domestic abuse crimes | +28.1% |
| Tackling crime & ASB | Drug trafficking and supply offences | +27.7% |
| | Integrated Offender Management – Reduced reoffending | -73.7% |
| Quality Policing | Abandoned call rates - 101 non-emergency service | -6.8% pts |

- 6.2 Levels of recorded **adult and child safeguarding referrals** have continued to increase during the first quarter of 2019/20 reaching the highest on record (6,121 in the year to July 2019) – around 88 additional safeguarding referrals per month compared to the previous year. This has primarily been driven by improvements in recording, reporting, referral and assessment processes that are helping agencies to provide earlier intervention and ultimately reduce risk of harm. While a positive safeguarding development, these increases continue to place significant additional demand on force public protection teams.

- 6.3 The force continues to record an increasing number of **domestic abuse crimes**, having risen by 28.1% over the last year to around 14,761. While rising levels of disclosure and identification are considered a positive outcome, these increases continue to place further pressure on local MARAC and victim support services. Police recorded repeat victimisation for domestic abuse (33.8%) has seen a marginal (1.1% pt) increase over the previous year.
- 6.4 Recorded **drug trafficking and supply offences** have continued to display an increasing trend since March 2019 impacted, in part, by greater use of stop and search (+89%) and pro-active operations such as 'Operation Reacher' to target individuals and gangs involved in drug and weapon possession. The number of drug trafficking and supply offences recorded by police has increased by 27.7% over the previous year. The Nottinghamshire Police and Crime Survey indicates that drug use and dealing remains an escalating concern for local residents (48%), particularly in the Mansfield (57.5%) and Ashfield (61%) areas.
- 6.5 The **Integrated Offender Management (IOM)** Scheme continues to demonstrate considerable success, with those removed from the scheme since January 2016 having achieved an average reduction in reoffending risk of 73.7%. This is over and above the level expected of a high performing scheme (45%). The Nottinghamshire scheme has been recognised as a model of regional and national good practice, being the first to develop a tool for monitoring its long-term impact at individual offender level. The scheme is set to deliver its Organised Crime Group training pack to other regional IOM schemes in September 2019 and continues to evolve in response to the changing profile of risk. This includes the management of high risk serial domestic violence perpetrators, organised crime group offenders and knife crime flagged offenders. See 5.7
- 6.6 **Abandoned call rates for the 101 non-emergency number** have fallen steadily over the last year (-6.8%) and now remain stable at around 2.3%. This follows action taken to reduce 101 call volumes (-6.1%) and improve the management of demand and signposting to other services at first point of contact. Abandonment rates for 999 calls have remained low over the previous two years (< 0.05%).
- 6.7 The force and OPCC now routinely monitor crime trends in terms of both volume and severity. This is done by weighting each offence based on sentencing data over the previous 5 years using the ONS crime severity index. The **crime severity** score provides an indication of the relative harm of recorded offences and the likely demand on the police. Nottinghamshire's overall crime severity score has seen a marginal (+1.1%) increase over the previous year, but has fallen across 13 of the 23 priority neighbourhoods subject to enhanced partnership activity. These include Arboretum (-5.9%), Stapleford (-16%) and Arnold & Woodthorpe (-8.1%). The areas of Worksop North (+12.5%) and South (+6.0%) and Mansfield East (+13.8%) and West (+15.6%), however, have recorded increases in crime severity.

7. Police and Crime Plan Performance – Negative Exception Reporting

7.1 Data to 31 July 2019 highlights marginal deterioration in performance across the following Police and Crime Plan performance indicators in comparison to performance over the previous year:-

| Theme | Measures | Jul 2019 |
|----------------------|---|-----------|
| Protecting from harm | Domestic abuse - repeat victimisation rate | +1.1% |
| Supporting victims | Positive outcome rate for victim-based crime | -0.5% pts |
| | Positive outcome rate for serious sexual offences | -1.9% pts |
| Tackling crime & ASB | Victim-based crime – including fraud | +3.3% |
| Quality policing | Budget management – data reporting | n/a |

7.2 **Repeat victimisation for domestic abuse** (33.8%) has increased by a marginal 1.1% points in the year to July 2019. It should be noted, however, that levels of domestic abuse recorded by the police over this period has increased by 28%, largely due to greater reporting and improved recording processes. While overall satisfaction with the police among domestic abuse survivors has remained relatively stable over the previous year (90%), there have been some marginal reductions in the proportion satisfied with their treatment (from 96.7% to 94.8%) and extent to which they have been kept informed (from 79.3% to 78.1%).

7.3 **Positive outcome rates for victim-based crimes** have seen a marginal (-0.5% pt) reduction over the previous year falling from 12.6% to 12.1%. Despite this reduction, there have been some improvements over the latest quarter, with positive outcomes having risen from 11.9%, while the proportion of crimes recorded with an identified suspect has increased by +4.7%. This correlates with improvements in compliance with crime recording standards and increases in the number of offences where the victim does not support further action. Criminal justice outcomes remain relatively strong in Nottinghamshire when compared to other regional force areas.

7.4 **Positive outcomes rates for serious sexual offences** have reduced by 1.9% pts over the previous year, from 10.1% to 8.2%. Despite this reduction, positive outcomes, and the volume of adult serious sexual offences recorded by police (+1.1%) now appear to be stabilising, following a peak in July 2018. The force continues to receive a substantial proportion of reports from third parties and survivors that do not support further police action. While the proportion of serious sexual offences resulting in a positive outcome has declined, the absolute number of positive outcomes has remained relatively stable.

- 7.5 Nottinghamshire Police recorded a 3.3% increase in levels of **victim-based crime** in the year to July 2019, however comparisons based on the April to July period (-2.4%) indicate that this may now be reducing. Within this category, there have been marked increases in recorded violence (+16%) and stalking and harassment (+39%) offences, largely due to changes and improvements in recording practices. Some genuine increases have, however, also been observed and corroborated with calls for service data and findings from the PCC's Police and Crime Survey. These include rises in robbery (+6%) and fraud offences (+21%). Conversely, rates of burglary and violence against the person remain below average in Nottinghamshire when compared to other police forces nationally.
- 7.6 Managing the increasing demand relating to fraud (+21%) and online crime (+16%) remains a significant challenge to the police, with investigations often being complex and time consuming. Partnership-led education and awareness raising activity plays a critical role in reducing risk of victimisation and the impact that these crimes can have on vulnerable people. The majority of online crimes recorded are harassment offences, specifically malicious communications offences which have taken place in online forums such as Facebook and twitter.
- 7.7 Reporting of **budget monitoring** information has been exceptionally problematic during Quarter 1 due to on-going issues with the migration to Oracle Cloud Apps. Work is progressing to address proven errors in data recoded on the financial system, with outturn monitoring in relation to pay not being available at this time due to inconsistencies within the data. There is confidence that the budget set is robust and will be sufficient to manage known moves, changes, recruitment and leavers within Quarter 1 and those planned for the remainder of the year at this point in time.

8. Case Study: Understanding and Modelling Police Demand

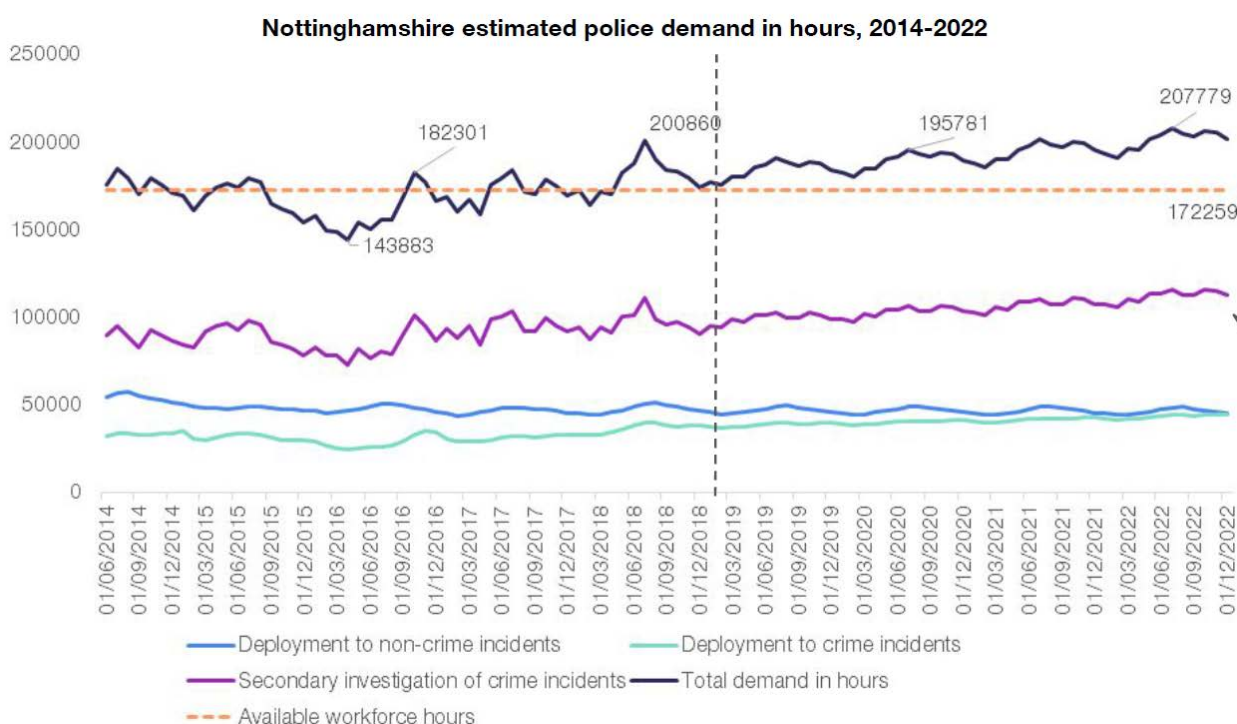

- 8.1 Panel Members have requested the presentation of a case study for each meeting. Recent case studies have included: Integrity and Compliance with NCRS; Prosecution File Quality Improvements; Knife Crime; Nottinghamshire Police and Crime Survey; OPCC's Sexual Violence Engagement Manager; the Nottinghamshire Victim CARE Service and; Nottingham Violence Interrupters Pilot. For this meeting, a further case study has been prepared detailing recent activity to improve understanding and management of police demand.
- 8.2 In Nottinghamshire's 2018 PEEL Assessment, published May 2019, HMICFRS graded the force as 'requiring improvement' in the efficiency and sustainability of the way its delivers services to the public. More specifically, the assessment stated that:-

"The force needs to get a better understanding of demand. It is getting better at assessing future demand, but needs to understand how demand is changing, what

skills it will need in the future and link workforce capabilities to financial plans. It also needs to use more partnership data for this [and] understand the effect that pressures on other organisations have on its own demand. Nottinghamshire Police needs to improve how it meets current demands and uses its resources. It should make sure it understands people's workloads before increasing them".

8.3 In early 2019, the PCC commissioned nationally recognised crime and justice specialists Crest Advisory to develop a comprehensive profile current and future demand on Nottinghamshire Police to inform strategic and operational planning. This led to the development of a bespoke demand model for Nottinghamshire which combines a number of statistical forecasting methods to analyse historic crime, control room, deployment, investigation and crime outcome data in order to project demand over a subsequent four year period. The work was supplemented by focus group to reality test estimates of 'activity-based timings' across a range of policing activities and functions.

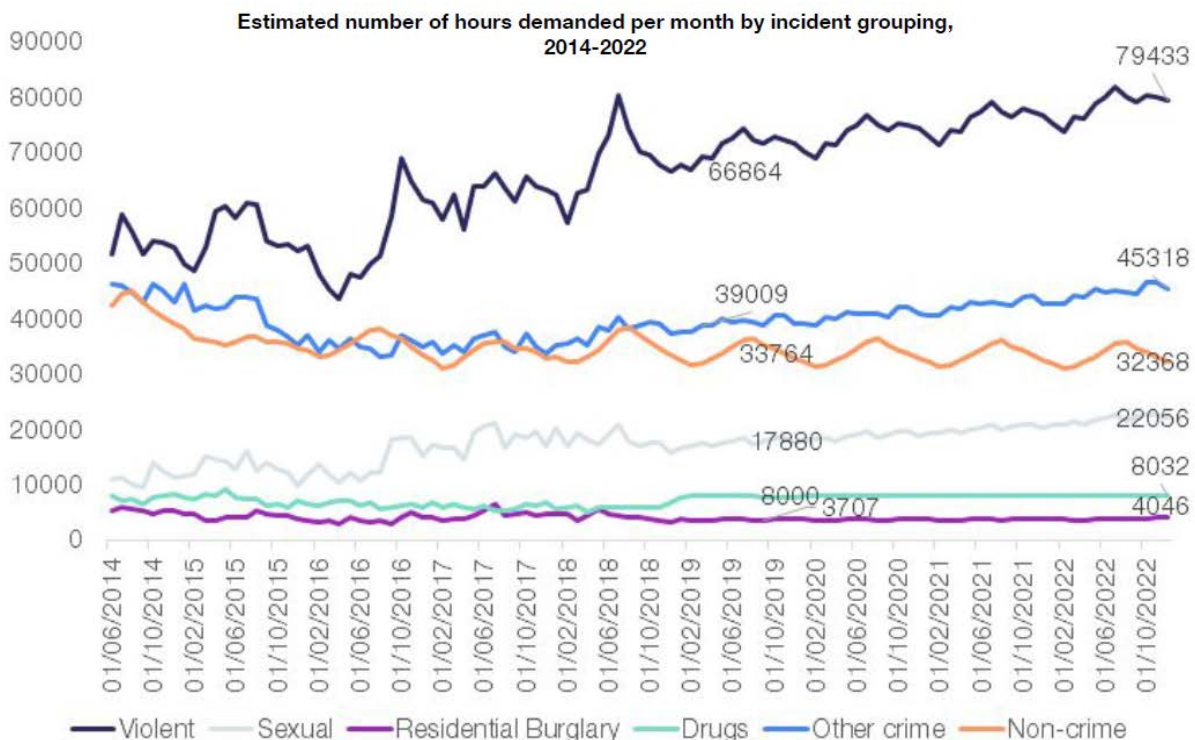

8.4 Findings^c from the initial independent concluded that available police hours are already being outstripped by demand in Nottinghamshire, having been operating at or over capacity since 2016. Forecasts indicate that by 2023, the service is likely to need at least 260 additional officers to meet reactive demand at an estimated cost of £19.2 million.

8.5 The changing nature of crime demand is likely to mean that the force will need to consider investing in more detectives and more specialist skills e.g. early evidence

^c <https://www.nottinghamshire.pcc.police.uk/Document-Library/Public-Information/Newsletters-and-Publications/Publications/Modelling-Demand-on-Nottinghamshire-Police.pdf>

collection for sexual offences and digital investigation skills. Policing hours demanded by high harm offences are predicted to continue to increase over the next four years, whilst non-crime and burglary demand is predicted to remain more stable. Fraud offences will drive up demand from 'other' crime.

- 8.6 Crest's analysis is helping the force and PCC to challenge common misconceptions about policing demand, highlighting the anticipated growth in required secondary investigation capacity alongside opportunities to deliver greater efficiencies and target resources to secure better value for money. The findings are also being used to support Nottinghamshire's CSR / lobbying position in respect of police funding and inform the annual Force Management Statement and Departmental Assessment process.
- 8.7 Having developed an intuitive and bespoke demand modelling tool for Nottinghamshire that has been designed to match the force's structure and specification, the PCC and Chief Constable are keen to explore further opportunities for its development and application. This includes the potential to incorporate regional and proactive elements of demand and develop a platform which will enable in-house force analysts to independently profile demand and model 'what if?' scenarios to assess the impact of changes in policing policy.
- 8.8 The innovative approach has been presented to the Home Office and the National Police Chief's Council and will be further explored as part of a regional roundtable event in Nottinghamshire on 30 September 2019.

9. Activities of the Commissioner

- 9.1 The Commissioner is represented at the key thematic, partnership and force local performance boards to obtain assurance that the Force and Partners are aware of the current performance threats and taking appropriate action to address the emerging challenges. Any issues of concern are reported to the Commissioner who holds the Chief Constable to account on a weekly basis. The Commissioner also meets heads of Investigations and Intelligence and Operations on a quarterly basis to gain a deeper understanding of threats, harm and risk to performance.
- 9.2 The Commissioner continues to take steps to obtain assurances that the Chief Constable has identified the key threats to performance but more importantly that swift remedial and appropriate action is being taken to tackle the problems especially in the Priority Plus Areas in the County and High Impact Wards in the City. Key activities are reported on the Commissioner's website.^d

Chief Constable Contract Extension

- 9.3 The Police and Crime Commissioner undertook a review of the Chief Constable's contract in July 2019 as part of the annual performance and delivery review process. The Commissioner considered challenges and achievements since Mr Guildford's appointment in February 2017. In view of the demonstrable achievements to date and a recognised need to maintain sustainable leadership of the service, the decided to extend the Chief Constable's contract to July 2025 and provide an uplift in the Chief Constable's salary.
- 9.4 The Commissioner obtained support from the chair and vice chair of Nottinghamshire's Police and Crime Panel in making this decision at a meeting held on 25 July 2019. The Head of East Midlands legal services has confirmed that the Commissioner has the legal powers to extend Mr Guildford's contract until July 2025 and uplift his salary in line with police regulations and flexibilities available to him.

Nottinghamshire Violence Reduction Unit (VRU)

- 9.5 Nottinghamshire OPCC received confirmation from the Home Office on 9th August 2019 of an £880,000 funding allocation to support the establishment of a Violence Reduction Unit (VRU) in the area. The VRU's core function will be to offer leadership and strategic coordination of a local public health approach to serious violence. The first meeting of the Strategic VRU Board took place on 5th August, Chaired by Paddy Tipping and attended senior colleagues from Public Health, Policing, Children's Services, Education, CCGs and Nottingham University Hospital. A broader governance structure has also been developed alongside this to include a

^d <http://www.nottinghamshire.pcc.police.uk/News-and-Events/Latest-News.aspx>

Citizen's Advisory Panel and a VRU Stakeholder Reference Group, which will facilitate meaningful engagement with a network of Community Ambassadors and Senior Practitioners and Managers from partner organisations, respectively.

- 9.6 Appointments are currently being made to the core VRU team, which will be co-located with partners at Loxley House, led by David Wakelin, as VRU Director. The team is comprised of individuals from a number of agencies and includes a Public Health Consultant, Children's Strategy and Improvement Specialists, a Programme Manager, a Community Engagement Specialist and a Researcher, Analyst and Project Officer to provide the necessary support. Every effort has been made to keep spend on the team and infrastructure as lean as possible to enable funds to be spent on interventions, analysis and evaluation to enable the VRU to build a legacy which will last beyond March 2020, which is the current term that the Home Office have agreed. As well as a programme plan of initiatives which focus on early intervention and a public health approach, the team will deliver a countywide JSNA and a violence reduction strategy.

Independent Inquiry into Child Sexual Abuse – Nottinghamshire Councils

- 9.7 The IICSA inquiry report^e into allegations of sexual abuse of children in the care of Nottinghamshire Councils during the 1960's, 70's, 80's and 90's was published on 31 July 2019, receiving significant local and national media attention. The report follows 15 days of public hearings in 2018 with 350 individuals reporting experience of sexual abuse whilst in the care of the Councils.
- 9.8 The report [concludes](#) that most institutions, including elected members, senior managers, frontline social work and residential staff and foster carers and Nottinghamshire Police, failed children who were sexually abused whilst in the care of the Nottinghamshire Councils. Despite successive reviews, more still needs to be done by the Councils and the police to ensure that consistent support and counselling is provided for those who have suffered sexual abuse in care and that agencies are receptive to complainants' needs.
- 9.9 Despite some recent improvements, Nottinghamshire Police's investigation into the allegations was not adequately resourced or supported. Senior officers should have done more to support the operation and the police did not treat the allegations with sufficient seriousness. The police have had to improve how they communicate with complainants following criticisms from complainants, including the means and regularity of contact, and notifying complainants that an investigation has been closed.
- 9.10 The report makes recommendations for the Councils to assess potential risks posed by current and former foster carers in relation to sexual abuse, ensure that current

^e <https://www.iicsa.org.uk/news/inquiry-publishes-report-nottinghamshire-councils>

and former foster carers provided by external agencies are assessed by those agencies, with any concerns being referred to the police and other appropriate bodies. The City Council and child protection partners should also commission an independent external evaluation of their practice concerning harmful sexual behaviour. Both councils and the police have published their initial responses to the report which can be provided to panel members on request.

Stop and Search Annual Report 2018/19

9.11 Nottinghamshire Police published its Annual Report into Stop and Search for the 2018/19 period in August 2019. The report provides statistics on use of stop and search including analysis of disparities in 'find rates' among people from different ethnicities in line with HMICFRS recommendations. The report highlights that:-

- 3,023 searches were undertaken in 2018/19, marking a 58% increase on 2017/18 (1,908), driven largely by greater national acceptance of its use in tackling local emerging threats alongside rises in front-line policing capacity
- Despite this increase, Nottinghamshire maintains one of the lowest search rates per 1,000 population in the country, while arrest (15.4%) and positive outcome (39.5%) rates have continued to increase
- A prohibitive item linked to the purpose of the search was found in 88% of all stops. The percentage of searches conducted to find a weapon fell from 20% to 14.7%, however the actual number rose from 392 to 441
- The number of complaints relating to stop and search remain low despite ongoing work to promote the complaints process. This is believed to be in part affected by more widespread use of Body Worn Video (BWV)
- Disproportionality rates for use of stop and search among BAME / non-BAME communities have reduced from 4.2 to 3.5 and in the City from 1.7 to 1.4

9.12 The review also identifies five risks for further work and scrutiny via the Stop and Search Scrutiny Board. These include developing a more comprehensive understanding of:-

- Stop and searches involving young Asian people aged 18-24 who remain the group most likely to be searched
- Handcuffing rates for BAME individuals, which remain higher than for White
- Arrest rates for Asian or Black people stop and searched – which remain higher than that of White people
- Lower 'find' rates among people from dual heritage backgrounds than for other groups - while items seized were linked to the reason for search in a comparative proportion of cases, fewer prohibited items were recovered
- Outcome rates (including find rates) for those from dual or multiple heritage backgrounds which is lower than that for all other ethnicity defined searches

10. Decisions

- 10.1 The Commissioner has the sole legal authority to make a decision as the result of a discussion or based on information provided to him by the public, partner organisations, Members of staff from the Nottinghamshire Office of the Police and Crime Commissioner (NOPCC) or Chief Constable. The Commissioner's web site provides details of all significant public interest decisions.^f
- 10.2 Panel Members have previously requested that the Commissioner provide a list of all forthcoming decisions (Forward Plan) rather than those already made. This Forward Plan of Key Decisions for the OPCC and the Force has been updated and is contained in **Appendix A**.

11. Financial Implications and Budget Provision

- 11.1 The Commissioner holds the Chief Constable to account formally at his Strategic Resources and Performance meetings (SSRP). At this meeting the Chief Constable submits a number of financial reports for scrutiny.
- 11.2 Chancellor, Sajid Javid, announced the government's 12-month spending review on 4 September 2019. The review confirmed a £750m increase in Home Office funding for policing as part of the government committed to increase officer numbers by 6,000 by March 2021 and 20,000 by 2023. Further announcements will be made on how officers will be allocated across territorial police forces, counter-terrorism policing and serious and organised crime. The Chancellor also confirmed an additional £30m for technology and law enforcement capabilities to tackle child sexual exploitation and additional funding for the Ministry of Justice (£55m) and CPS (£80m) to support the work of the 20,000 additional police officers and manage the increasing complexity of crime.
- 11.3 The Commissioner holds the Chief Constable to account formally at his Strategic Resources and Performance meetings (SSRP). At this meeting the Chief Constable submits a number of financial reports for scrutiny. As at 31 August 2019, the force/OPCC are projecting a financial revenue outturn position of £206,886,000 in 2019/20, which represents a projected overspend of £603,000 against the approved net revenue budget of £206,283,000. The over spend is predominately being driven by:-
- Unexpected costs in information services for renewal of the data bundle contract and slow progress on realising the £300k efficiency saving
 - An over spend on MFSS relating to the extension of early life support
 - An increase on estates costs in recognition that Bingham, Worksop and Holmes House sales may not be realised

11.4 As at August 2019, the force/OPCC are projecting a Capital budget outturn of £9,742,000 in 2019/20 against an approved capital programme budget of

£12,797,000. The under spend has considerably over the last quarter, largely due to variance within the Command and Control project where it is expected that £183,000 will be required for screens.

Capital Outturn Position as at the end of August 2019, by Project

| Project Name | Revised Budget £'000 | Forecast Outturn £'000 | Underspend £'000 | Slippage to 2020/21 £'000 |

11.5 The budget is continually scrutinised and challenged with budget holders which will result in ongoing revisions throughout the year. Monitoring has been exceptionally problematic this year, with proven errors in the data recoded on the financial system. While work is progressing to address these issues, it should be noted that the year to date actual spend is inaccurate at this present time. There is confidence that the budget set is robust and will be sufficient to manage capital plans during 2019/20.

11.6 **Appendices B and C** contain the full finance revenue and capital reports submitted to the Strategic Resources and Performance Board on 4th November 2019 and provide more detail regarding the provisional year end position for each.

12. Human Resources Implications

12.1 None - this is an information report.

13. Equality Implications

13.1 None

14. Risk Management

14.1 Risks to performance are identified in the main body of the report together with information on how risks are being mitigated.

15. Policy Implications and links to the Police and Crime Plan Priorities

15.1 This report provides Members with an update on performance in respect of the Police and Crime Plan.

16. Changes in Legislation or other Legal Considerations

16.1 The Commissioner publishes a horizon scanning document⁹ every two weeks and can be downloaded from his website. The horizon scanning undertaken involves reviewing information from a range of sources, including emerging legislation, government publications, audits and inspections, consultation opportunities and key statistics and research findings, in order to inform strategic planning and decision making locally.

17. Details of outcome of consultation

17.1 The Chief Constable has been sent a copy of this report.

18. Appendices

- A. Forward Plan of Key Decisions for the OPCC and the Force
- B. Finance Revenue Budget Position for 2019/20 as at August 2019
- C. Finance Capital Budget Position for 2019/20 as at August 2019

| Ref | Date | Subject | Summary of Decision | Cost (£) <i>Where available</i> | Contact Officer | Report of OPCC / Force |
|---|------|---------|---------------------|------------------------------------|-----------------|------------------------------|
| <p>Operation Uplift – the national initiative from the government to increase police officer numbers by 20,000. Nottinghamshire Police is in a healthy position with its recruitment pipeline allowing us to move swiftly to accommodate the additional officers allocated in this financial year of 150 over target. The force is seeking to increase transferees and transferred scores and is currently advertising for these candidates. Planning for next year's recruitment is underway with positive action events in place and a planned recruitment before Christmas (date to be confirmed). Additional costs are expected in addition to the recruitment of officers. For example additional assessment centre, OHU and biometric costs. Work is being undertaken at pace to both secure the relevant services and clarify costs required. Increased officer numbers will create opportunities for police staff roles around the Force, particularly PCSO and Control Room roles. PCSO recruitment is open currently.</p> | | | | | | |

| Other Contacts: | Mark Kimberley |
| Agenda Item: | |

Revenue Report for Period 5; Quarter 2 2019/20.

1. Purpose of the Report

- 1.1 The purpose of this report is to provide an update on the financial outturn position for revenue as at 31st August 2019 (Period 5, Quarter 2).

2. Recommendations

2.1 Recommendation 1

It is recommended that the contents of the report and virements approved under delegated arrangements for Period 5 2019 shown in Appendix B are noted.

2.2 Recommendation 2

That the Police and Crime Commissioner approve the virements of greater than £100k which have been recommended by the Chief Constable as set out in Appendix C. These virements will be reflected in the outturn position once fully approved.

2.3 Recommendation 3

That the Police and Crime Commissioner note the overspend position and consider any action that might be required as set out in Appendix D.

2.4 Background

The net revenue budget for 2019/20 is £206,283k. This is split between the Force £201,308k and the Office of the Police and Crime Commissioner (OPCC) £4,975k.

Finance in conjunction with the organisation has continued to review the outturn position. At the end of August 2019 the projected year end outturn is £206,886k, which represents an over spend of £603k against the budget, a reduction of £169k against period 4. Please also refer to section 8 of this report which identifies risk issues in respect of this report.

3. Reasons for Recommendations

- 3.1 To update the Chief Officer Team and the Office of the PCC on the Force's projected outturn position for 2019/20 and also to comply with good financial management and Financial Regulations.

4. Summary of Key Points

Executive Summary

- 4.1 The review during period 5 of revenue expenditure is forecasting an over spend in the Force budget of £603k; and an on budget position within the OPCC. Any underspends realised within the OPCC during the year will be transferred to OPCC's commissioning reserve.

In addition to the comments in the Period 4 report the reduction in over spend is mainly due to the monitoring on staff pay with a net in year saving of £305k (actual saving identified £503k, less the reversal of anticipated savings shown in income £225k) this is off-set with a further increase in estates costs, an expected redundancy payment due to recent restructures, overtime costs for Op Scorpion which are now starting to come through and a general increase in costs due to a rise in demand.

There are some mitigating factors that the organisation could consider to bring the force to a balanced outturn position which was reported in P4, however the £140k settlement fee reported last month will now be off-set against the insurance reserve contribution and income now reflects the secondment for Head of People Services. The remaining options total £753k.

Monitoring continues to be problematic and errors in the data continue to be reported. It should be noted that outturn monitoring in relation to staff pay has been attempted this month, however payroll and general ledger continue to be out of balance at the present time, accuracies between departments are also irreconcilable and inconsistent.

There is confidence that further savings could be found within the staff budgets and these are constantly being worked through, however until data in the system has been reconciled this will remain a risk. Officer and PCSO data has not been able to be completed to normal levels of assurance due to inconsistencies within the data.

The table below shows the projected Force (including externally funded and seconded officers/staff) variances against the 2019/20 budget plus approved virements (revised budget) as at the end of August 2019.

Variances greater than £10k are explained in more detail within section 4 of this report, unless there is no movement between last month's variance and this month's variance.

Data explaining the variance between original budget and revised budget can be found in appendix A. Data explaining the virements can be found in appendix B and appendix C.

Nottinghamshire Police Group Position as at the end of August 2019, by Department.

Over spends are shown as + numbers, whilst under spends are shown as () numbers. No adjustments have been made for rounding.

| Force Total | 201,308 | 201,911 | 603 |
| OPCC | 4,975 | 4,975 | 0 |
| Group Total | 206,283 | 206,886 | 603 |

4.2 Local Policing – under spend (£80k) an increase of (£80k) on last month.

The under spend position mainly represents a review of the staff position, along with an increase in overtime and general equipment costs, mainly due to Op Scorpion and an increase in income in Contact Management for recharging of police monitored alarms.

4.3 Crime and Operational Services – under spend (£133k) an increase of (£192k) on last month.

The under spend position mainly represents a review of the staff position, along with an increase in overtime and general equipment costs, mainly due to Op Scorpion. This is slightly off-set by a general increase in specialist equipment, photographic materials and firearms and ammunition in OS.

4.4 Corporate Services – over spend £818k an increase of £109k on last month.

The review of the staff pay position resulted in a net saving of £267k across the area; other areas of variance are detailed below, Over establishment in People Services £130k some of which will relate to additional support in respect of MFSS.

4.4.1 Technical Accounting – over spend £6k a reduction of £136k.

An assessment of recent restructures has resulted in an expected increase for redundancies. The increase in income of £225k in respect of anticipated staff savings have now been reversed as these are now correctly shown against the respective department's vacancy reserves. The £140k settlement fee reported last month will now be off-set against the insurance reserve contribution.

4.4.2 Information Services – over spend £528k an increase of £30k

IS have realised £158k of savings over a number of contracts. £244k has been spent on NEP; £122k of this is off-set by the futures board.

4.4.3 Estates – Over spend £489k an increase of £256k.

£150k reflects a review of spend on planned and reactive maintenance. £15k reflects an increase in decontamination costs in custody, £50k an increase in uniform costs and a £20k reduction in fuel income (from solar panels).

4.4.4 Fleet – over spend £112k an increase of £17k

This increase reflects the purchase of a van for the NSART team and an increase in vehicle cleaning charges.

4.4.5 People Services – over spend £139k an increase of £145k

There has been an increase in the contract for Police Firearms Officers Association counselling service £11k.

4.5 Collaboration and Partnerships – over spend £930k a reduction of £6k

4.5.1 EMSOU Operations – over spend £293k an increase of £31k

This increase in overspend reflects an increase in the RART (Regional Asset Recovery Team) pension costs identified by region and an increase in the NABIS (National Ballistics Intelligence Service) charge for 2019-20.

4.5.2 EMCJS – under spend (£43k) a reduction of (£56k)

This reflects £86k staff pay saving due to the monitoring off-set by an increase in custody and laundry costs.

4.5.3 EMSOU Services (Legal, OHU, L&D) – over spend £185k an increase of £13k

This reflects an increase in the L&D staffing costs.

4.6 OPCC – on budget

The OPCC is projecting an on budget position, any underspends within the OPCC during the year will be transferred to the OPCC's reserve and OPCC's Grant and Commissioning reserve.

4.7 Grant Funding

This section of the reports shows grant funded projects for 2019/20. The use of grant to match expenditure in the outturn figures are shown as income in the tables reported under item 4.1 the detail of which is shown below. The Force has plans to spend the entire grant within the areas identified for each project. The tables now show the grant allocated against the forces core budget, see item 4.1. The tables also show actual year to date spend and committed spend.

4.7.1 Op Scorpion – Grant £1,540k

£569k has been allocated against spend included in the forces outturn position.

| Home Office Knife Crime Surge Grant | Core | New/ un-committed | Total Grant | Actual spend YTD + Committed Spend | Balance |
|---|-------|-------------------|-------------|------------------------------------|---------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Increased Resources | 358 | 197 | 554 | 358 | 196 |
| Surge Activity | 212 | 447 | 658 | 400 | 258 |
| Increased Capability | 0 | 289 | 289 | 200 | 89 |
| Preventative / Diversionary Initiatives | 0 | 39 | 39 | 56 | (17) |
| | 569 | 971 | 1,540 | 1,014 | 526 |

4.7.2 ARV Uplift – Grant £263k

£263k has been allocated against spend included in the forces outturn position, this was set in place before the plans below were identified. Therefore, there would need to be a reduction in overtime spends of £181k to facilitate funds being available to purchase the remaining 5 items.

| Home Office ARV Uplift Funding Grant | Core | New/ un-committed | Total Grant | Actual spend YTD + Committed Spend | Balance |
|---|-------|-------------------|-------------|------------------------------------|---------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| RAPT, TST, TAPT related overtime & staffing | 236 | (181) | 55 | 55 | 0 |
| Armoury Improvement | 0 | 52 | 52 | 0 | (52) |
| Armed team support vehicle | 0 | 50 | 50 | 0 | (50) |
| X2 Tasers for initial firearms courses | 0 | 33 | 33 | 0 | (33) |
| 1 x duty planning staff | 27 | 0 | 27 | 27 | 0 |
| Targetry proposals | 0 | 26 | 26 | 0 | (26) |
| Method of entry rig and shelter | 0 | 20 | 20 | 20 | 0 |
| | 263 | 0 | 263 | 102 | (161) |

4.7.3 Cyber Crime – Grant £111k

£99k has been allocated against spend included in the forces outturn position. There is a risk that the costs will over spend by £12k as requests are being made for IS to provide technology equipment. We have received verbal confirmation that this over spend will be met from additional grant, however as this isn't certain no provision for the additional income has been made.

| Home Office Cyber Crime Grant | Core | New/ un-committed | Total Grant | Actual spend YTD + Committed Spend | Balance |
|---------------------------------------|-------|-------------------|-------------|------------------------------------|---------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Employee costs | 99 | 0 | 99 | 99 | 0 |
| Crypto currency equipment | 0 | 2 | 2 | 2 | 0 |
| Technology Equipment | 0 | 0 | 0 | 12 | 12 |
| Travel & accommodation for Cyber Team | 0 | 10 | 10 | 10 | 0 |
| | 99 | 12 | 111 | 123 | 12 |

4.8 Efficiencies

The 2019/20 efficiency target in order to achieve a balanced budget is £3,300k as per the table below:

| Efficiencies Target for 2019/20 | | |
|---------------------------------|-----------------|-------------------------------|
| | Target £'000 | Outturn* RAG Assessment |
| Pay & Expenses | | |
| Ongoing staff pay savings | 1,500 | Green |
| Overtime | 500 | Amber |
| | 2,000 | |
| Non Pay | | |
| Procurement | 300 | Amber |
| Comms & Computing | 300 | Amber |
| Capital Financing | 300 | Amber |
| Supplies & Services | 200 | Red |
| Income | 200 | Green |
| | 1,300 | |
| Total Savings | 3,300 | (2,300) Amber |

*Unable to assess due to MFSS quality issues.

The procurement saving was included within the Technical Accounting area for budget purposes and has been reversed out in the June forecast on the basis that the savings will be delivered across numerous lines of expenditure. All other savings targets/achievements are captured in the outturn summary at 4.1.

Finance is constantly reviewing all efficiency targets with the organisation to identify any possible risks or opportunities to delivering the yearend target.

5 Financial Implications and Budget Provision

- 5.1 The financial information relating to this item is contained within item 4.1 and Appendix A.

6 Human Resources Implications

- 6.1 There are no immediate Human Resource implications arising from this report.

7 Equality Implications

- 7.1 There are no equality implications arising from this report.

8 Risk Management

- 8.1 Monitoring continues to be problematic and errors in the data continue to be reported. It should be noted that outturn monitoring in relation to staff pay has been attempted this month, however payroll and general ledger continue to be out of balance at the present time, accuracies between departments are also irreconcilable and inconsistent. From the monitoring that has been completed a reduction in outturn of £530k has been recognised, however this carries an element of risk due to the errors in the data.

- 8.2 Recent information relating to pay awards is not reflected in the outturn figures in this report in relation to officer and PCSO pay. An increase of 2% was identified in the budget. It is expected that the additional cost to the Force will be circa £343k assuming that staff will follow officers with a 2.5% approved increase in September 2019.

9 Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 There are no policy implications arising from this report.

10 Changes in Legislation or other Legal Considerations

- 10.1 There are no changes in legislation or other legal considerations that are relevant to this report.

11 Details of outcome of consultation

- 11.1 The figures included in this report are presented to the Force Executive Board on a monthly basis.

12. Appendices

- 12.1 Appendix A - Revenue Report to August 2019 CIPFA format.
- 12.2 Appendix B - Virements approved under delegated arrangements.
- 12.3 Appendix C – Virements greater than £100k requiring PCC approval.
- 12.4 Appendix D - Outturn movements.

13. Background Papers (relevant for Police and Crime Panel Only)

NB

See guidance on public access to meetings and information about meetings for guidance on non-public information and confidential information.

Nottinghamshire Police Group Position as at the end of August 2019, by CIPFA format.

The table shows the original budget and approved virements to represent the revised budget. Over spends are shown as + numbers, whilst under spends are shown as () numbers. No manual adjustments have been made for rounding.

Capital Report for Period 5; Quarter 2 2019/20

1. Purpose of the Report

- 1.1 The purpose of this report is to provide an update on the financial outturn position for capital as at 31st August 2019 (Period 5, Quarter 2).

2. Recommendations

2.1 Recommendation 1 Outturn Position

That the Police and Crime Commissioner note the outturn position as set out in Appendix A.

Recommendation 2 Virement

That the Police and Crime Commissioner note the virement approved by the Chief Constable under delegated powers, being below £100,000, as set out in Appendix B.

2.2 **Background**

The Capital Programme for 2019/20 to 2023/24 was presented and approved at the Police and Crime Panel Meeting on 7th February 2019.

The capital budget for 2019/20 is £12,797k. This is calculated as slippage from 2018/19 of £1,470k and new allocations in 2019/20 of £11,327k.

Finance in conjunction with project leads and budget holders have continued to review the outturn position (Appendix A). At the end of August 2019 the projected year end outturn is £9,742k which is an increase of £182k on P4.

Actual spend to the end of August 2019 is £2,242k which is an increase of £742k on P4. Please also refer to section 8 of this report.

3. Reasons for Recommendations

- 3.1 To update the Chief Officer Team and the Office of the PCC on the Force's projected outturn position for 2019/20 and also to comply with good financial management and Financial Regulations.

4. Summary of Key Points

4.1 Executive Summary

The review during period 5 of the capital expenditure is forecasting an under spend of £10k, a reduction of £251k against the last report and anticipated slippage of £3,044k an increase of £67k against the last report.

The under spend has considerably reduced since last month. The majority of the variance is within the Command and Control project where it is expected that £183k will be required for screens.

Monitoring has been exceptionally problematic so far this year, with proven errors in the data recoded on the financial system. Work is progressing to address these issues, it should be noted that the year to date actual spend has reversed the anomaly from last month, but is still considered inaccurate at this present time. There is confidence that the budget set is robust and will be sufficient to manage capital plans during 2019/20.

The table below shows the projected Force under spends and slippage against the 2019/20 budget plus virements (revised budget) as at the end of August 2019.

Variances greater than £50k are explained in more detail within section 4 of this report.

Data explaining the variance between original budget and revised budget can be found in Appendix A. Data explaining the virements can be found in Appendix B.

Capital Outturn Position as at the end of August 2019, by Project.

Over spends are shown as + numbers, whilst under spends are shown as () numbers. No manual adjustments have been made for rounding.

| Project Name | Revised Budget £'000 | Forecast Outturn £'000 | Underspend £'000 | Slippage to 2020/21 £'000 |
|---|---------------------------------|-----------------------------------|-----------------------------|--------------------------------------|
| Estates | | | | |
| New Custody Suite | 6,430 | 3,386 | 0 | (3,044) |
| Building Improvement, Renovation & Conversion Works | 1,172 | 1,185 | 0 | 0 |
| Hucknall EMAS | 637 | 635 | (2) | 0 |
| Custody Improvements | 360 | 360 | (0) | 0 |
| New HQ Joint Build | 352 | 352 | 0 | 0 |
| Northern Property Store | 246 | 246 | 0 | 0 |
| Bunkered Fuel Tanks | 76 | 59 | (4) | 0 |
| Automatic Gates & Barriers | 52 | 52 | 0 | 0 |
| Community Rehabilitation Companies Renovations | 25 | 25 | 0 | 0 |
| Estates Total | 9,350 | 6,300 | (6) | (3,044) |
| Information Services | | | | |
| ANPR Camera Project | 126 | 126 | 0 | 0 |
| Technology Services Refresh & Upgrades | 1,090 | 1,090 | 0 | 0 |
| Command & Control | 1,910 | 1,909 | (1) | 0 |
| SICCS Upgrade | 59 | 59 | 0 | 0 |
| NEP | 112 | 109 | (3) | 0 |
| IS Total | 3,297 | 3,293 | (4) | 0 |
| Other Projects | | | | |
| Vehicle & Equipment Replacement | 150 | 150 | 0 | 0 |
| Overall Total | 12,797 | 9,743 | (10) | (3,044) |

4.2 Estates – Under spend (£6k) and Slippage (£3,044k)

4.2.1 New Custody Suite – slippage (£3,044k)

The projected slippage figure is likely to change by the end of the year. The increase in slippage reflects the latest information from the project lead and Gleeds. This is a multi-year project and overall the project is expected to be delivered on target.

4.3 Information Services – Under spend (£4k)

4.3.1 Command & Control – under spend (£1k)

The reduction in underspend reflects a recognition that replacement screens will be required and also reflects some transactional anomalies in the system that have been rectified.

4.4 Other Projects – on budget

5. Financial Implications and Budget Provision

- 5.1 The financial information relating to this item is contained within item 4.1 and Appendix A.

6. Human Resources Implications

- 6.1 There are no immediate Human Resource implications arising from this report.

7. Equality Implications

- 7.1 There are no equality implications arising from this report.

8. Risk Management

- 8.1 It should be noted that the actual year to date figures shown within this report are not considered to be accurate at this point in time, work is progressing with our outsourced service to rectify current issues.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 There are no policy implications arising from this report.

10. Changes in Legislation or other Legal Considerations

- 10.1 There are no changes in legislation or other legal considerations that are relevant to this report.

11. Details of outcome of consultation

- 11.1 The figures included in this report are presented to the Force Executive Board on a monthly basis.

12. Appendices

- 12.1 Appendix A – Detailed Report to August 2019.

- 12.2 Appendix B – Virements requiring approval.

13. Background Papers (relevant for Police and Crime Panel Only)

NB

See guidance on public access to meetings and information about meetings for guidance on non-public information and confidential information.

Complaint and Misconduct Investigations

1. Purpose of the Report

- 1.1 The purpose of this report is to update the Joint Audit and Scrutiny Panel (JASP) about new and open cases relating to complaints and misconduct investigations over the previous 12 months. It seeks to reassure the Panel that the force is committed to learning from complaints to inform how it delivers a service to the public.

2. Recommendations

- 2.1 It is recommended that the Joint Audit and Scrutiny Panel note the contents of this update report.

3. Reasons for Recommendations

- 3.2 To ensure that the JASP receives assurance that the Force is compliant in its duty to record and investigate complaints and misconduct matters.

4. Summary of Key Points

- 4.1 In order to improve community and victim satisfaction the Force must continue to transform its services and deliver quality policing. A performance measure within the the Police and Crime Plan is to monitor the volume of complaints received and the timeliness of resolving those complaints.
- 4.2 Complaints can be separated into two categories:
- Those amounting to service recovery where no misconduct is identified. The complaint is resolved by local resolution by a dedicated Complaints and Learning Sergeant.
 - Those complaints where there may be an indication that a person serving with the police has breached the Standards of Professional Behaviour. Complaints

of this nature are dealt with by specialist investigators within the Professional Standards Directorate (PSD) by way of local investigation.

4.3 'Local resolution' and 'local investigation' are the terms used in legislation governing how police complaints are dealt with.

4.4 The table below and subsequent information outlines the performance headlines for the 12 months to August 2019 compared with the 12 months to August 2018.

4.5 **Table 1: Performance Headlines Complaint Cases Recorded**

| | Sep 17 - Aug 18 | Sep 18 - Aug 19 | Change | % Change |
|--|--------------------|--------------------|--------|----------|
| Complaint Cases Recorded | 940 | 1001 | 61 | 6.5% |
| Complaint cases recorded within 10 working days | 92.6% | 86.2% | -6.3pp | - |
| Timeliness of Local Resolutions | 49.0 | 58.6 | 9.7 | 19.7% |
| Timeliness of Local Investigations | 119.5 | 160.7 | 41.2 | 34.4% |

4.6 The number of complaint cases recorded in the last 12 months has increased by 6.5% compared to the previous 12 months. This increase is within normal bounds and has reduced from 16.5 % in the last reporting period. Complaints categorised as 'neglect or failure in duty' represent 46.1% of all complaints. This is consistent with national statistics and the last reporting period. Closer inspection shows an increase in complaints where matters are not found in favour of the person calling for service. The Complaints and Learning Sergeants are quickly engaging with members of the public affected. Issues are resolved by providing more comprehensive updates on cases and fuller rationales as to why particular decisions have been made. This category of complaint has reduced by nearly 10 % over the last 12 months.

4.7 The timeliness of local resolutions is still ahead of the national average however the average time to finalise complaints has increased in the past 12 months from an average of 56.7 days to an average of 58.6 days. This is due to a number of complaints being pended while they are in sub-judice due to on-going criminal investigations. When that data is removed a complaint is resolved by the Complaints and Learning Sergeant in an average of 28 days.

4.8 The timeliness of local investigations is still above of the national average. It currently takes a PSD investigator 144 days to finalise a case however this statistic is impacted by a small number of lengthy cases that are reliant on the conclusion of misconduct proceedings.

4.9 The Head of Professional Standards provides a quarterly report for the Organisational Risk, Learning, Standards and Integrity Board. Personal and organisational learning is identified from upheld complaints. Where necessary,

policies and procedures are amended. Individual officer performance is addressed ranging from reflective practice and performance review to formal misconduct proceeding in the most serious of cases.

5. Financial Implications and Budget Provision

5.1 There are no financial implications arising from this report.

6. Human Resources Implications

6.1 There are no Human Resources implications arising from this report.

7. Equality Implications

7.1 Equality data is recorded in relation to recording, compliance and monitoring of complaints and misconduct matters.

8. Risk Management

8.1 Any risks associated with the recording and compliance of complaints and misconduct are reported on an exception basis to the Force Organisational, Risk, and Learning Board chaired by the Deputy Chief Constable.

9. Policy Implications and links to the Police and Crime Plan Priorities

9.1 The recording and monitoring of complaints and misconduct matters is linked with the Police and Crime Plan Priority, Transforming Services and Delivering Quality Policing.

10. Changes in Legislation or other Legal Considerations

10.1 There are no changes in legislation in relation to this report.

11. Details of outcome of consultation

11.1 There has been no consultation in relation to this report as it is an update for the JASP.

12. Appendices

12.1 There are no appendices attached to this report.

*If Non Public, please state under which category number from the guidance in the space provided.

IOPC Investigations, Recommendations & Actions

1. Purpose of the Report

- 1.1 To inform the PCC in respect of the complaint and conduct matters which have been referred by Nottinghamshire Police to the Independent Office for Police Conduct (IOPC) during the relevant period 1st April 2019 to 31st August 2019, together with relevant recommendations and actions

2. Recommendations

- 2.1 That the panel receive assurance that Nottinghamshire Police is transparent in referring itself to the IOPC in relation to all instances which meet the criteria defined at 4.1 and 4.2 of this report.
- 2.2 That the panel receive reassurance that Nottinghamshire Police consider and respond to IOPC recommendations.

3. Reasons for Recommendations

- 3.1 Law enforcement in the UK has significantly increased the amount of coordinated activity to address the threat of harm posed from child sexual exploitation and abuse. Consequently in the last two reporting periods Nottinghamshire Police recorded suicides committed by offenders post law enforcement intervention. The data contained within this report shows no instances of this. This may be due to the risk assessment process changing for those under investigation for producing indecent images of children. The deaths related to sexual offences in this reporting period relate to historic sexual offences against children.
- 3.2 This reporting period shows four instances of injury being caused as a result of police pursuits. Two of these matters are still under investigation by the IOPC however no immediate learning or action has been identified which would indicate a departure from the 'Policy on Police Pursuits' or 'Driving Standards Policy'.

4. Summary of Key Points (this should include background information and options appraisal if applicable)

- 4.1 Death or serious injury matters (DSI) are not necessarily linked to a public complaint or any identified misconduct. The full definition of a DSI can be found in section 29 Police Reform Act 2002; in brief it is where there is/may be a causal link between a member of the public having contact with the police and death or serious injury occurring to that person. On receipt of a DSI referral the IOPC will determine the mode of investigation; usually an independent IOPC investigation or referred back to Force to investigate. The data summary below outlines those DSI matters referred to the IOPC during the period 1st April 2019 to 31st August 2019. In total 14 referrals were made compared to 17 in the last reporting period.

| | |
|--|-------------|
| Attempt suicide following arrest | Force deal |
| Injury following a collision during police pursuit | Local |
| Suicide while classified missing from home | Force deal |
| Suicide having reported a sexual offence | Local |
| Injury from a collision during police pursuit | Local |
| Suicide following investigation for sexual offence | Local |
| Injury during arrest | Local |
| Injury from a collision during police pursuit | Independent |
| Death following police contact | Local |
| Injury from a collision during police pursuit | Independent |
| Suicide while classified missing from home | Local |
| Death following police contact | Force deal |
| Suicide following investigation for sexual offence | Force deal |
| Injury during arrest | Local |

*Independent investigations are carried out by the IOPC's own investigators.

*Local investigations are carried out by police officers in the force area.

*Force deal – these are cases for the force to decide on.

- 4.2 In addition to DSI's the Police must refer to the IOPC complaints and recordable conduct matters that include allegations of conduct which constitute:

- Serious assaults
- Serious sexual offences
- Serious corruption (includes Abuse of Position Trust for Sexual Gain)
- Criminal offence or behaviour aggravated by discrimination
- Relevant offence (where the sentence is fixed by law or 7yrs on first conviction)

The table below shows the number in each category recorded by Nottinghamshire Police in the reporting period 1st April 2019 to 31st August 2019.

| | |
|-----------------|-------|
| Type of Conduct | Total |
|-----------------|-------|

| | |
|--------------------------------------|---|
| Serious assault | 1 |
| Serious sexual offences | 1 |
| Serious corruption | 1 |
| Offence aggravated by discrimination | 1 |

5. Financial Implications and Budget Provision

5.1 There are no specific financial implications in respect of this report.

6. Human Resources Implications

6.1 PSD resources are under constant review, ensuring that the department has both the capacity and capability to meet demand.

7. Equality Implications

7.1 No specific implications

8. Risk Management

8.1 It is essential the public have confidence in the service Nottinghamshire Police provide. There have been two specific organisational learning recommendations issued by the IOPC necessitating a change in policy, procedure, training or resourcing. These have been reported to the Organisational Risk and Learning Board. Individual learning has been addressed where required.

8.2 Organisational learning is a whole organisation responsibility which helps to mitigate risk. Professional Standards Directorate contributes to risk management through the sharing of learning and encouragement of change across the organisation where appropriate.

9. Policy Implications and links to the Police and Crime Plan Priorities

9.1 IOPC investigations ensure that the public can have confidence in the independence, accountability and integrity, of the most serious of cases, most notably Death or Serious Injury.

9.2 It is the responsibility of the force to ensure mandatory and voluntary referrals are made in a timely fashion and that appropriate support is given to IOPC investigators.

10. Changes in Legislation or other Legal Considerations

10.1 None

11. Details of outcome of consultation

11.1 None

12. Appendices

12.1 None

PROFESSIONAL STANDARDS CONFIDENTIAL REPORTING PROCEDURE (Whistle Blowing)

1. Purpose of the Report

- 1.1 The purpose of this report is to update the Joint Audit and Scrutiny Panel (JASP) regarding the above area of business.
- 1.2 Specifically, the update will outline how the organisation and the Professional Standards Directorate (PSD) and deals with those members of the organisation who make reports concerning breaches of professional standards. In particular, how they can be provided with support and confidentiality, when appropriate and necessary.

2. Recommendations

- 2.1 It is recommended that the Panel receive assurance from the processes in place relating to confidential reporting as detailed within the report.
- 2.2 It is recommended that the panel receives assurance that Nottinghamshire Police Professional Standards Directorate actively seeks information and intelligence from a variety of sources in order to prevent corruption.

3. Reasons for Recommendations

- 3.1 The number of confidential referrals has reduced year-on-year from 2017 to 2019. This is a trend experienced across all five regional forces. In July 2018 Nottinghamshire Police identified the counter corruption strategic priorities for the following 12 months, these being:
 - Infiltration and corrupted individuals
 - Abuse of position of trust for sexual gain
 - Disclosure of information

The strategic threat assessment is being refreshed for December 2019.

4. Summary of Key Points

- 4.1 Police officers, staff and volunteers, must be honest and act with integrity at all times. This is a principal and absolute standard of professional behaviour from

which there can never be any departure. Without personnel possessing such attributes, public trust and confidence would be eroded, the Police would lack legitimacy and the service provided would become ineffective.

- 4.2 The reporting procedure for referring potential breaches in standards of professional behaviour, aims to create a climate where staff feel a genuine commitment to openness and transparency when reporting breaches of Professional Standards. Police personnel should be motivated with a desire to maintain the integrity of the Police service and feel assured that reporting misconduct and criminal transgression will be universally acknowledged as 'doing the right thing.'
- 4.3 The Force's 'Professional Standards Reporting Procedure' (PD462) defines how Nottinghamshire Police will protect and support its officers, staff and volunteers, by both (a) providing a broad range of options for reporting breaches and (b) providing consistent and meaningful support to colleagues who report concerns.
- 4.4 The Code of Ethics as set by the College of Policing places a positive obligation on Police personnel to report suspected breaches in the standards of professional behaviour by their colleagues. Officers, staff and volunteers must be able to report such breaches openly, with the support of their peers and line managers and have the utmost confidence that in doing so, they will never be subject of victimisation, discrimination or disadvantage.
- 4.5 The reporting procedure identifies guiding principles and some examples of what activity or conduct should be reported, before outlining the different mechanisms and gateways for making such reports, which can be done anonymously, confidentially or in an open report.
- 4.6 The PSD have a key part to play in this procedure once a referral is made to the Directorate. Where open reports have been made, appropriate support will be given to the informant from the outset and proactive central and / or local management support and action will continue throughout the lifetime of the investigation and where necessary beyond that.
- 4.7 Confidentiality, when requested, will be given the highest priority. Nevertheless, relevant information will be subject of statutory rules governing disclosure. For misconduct cases that fall outside the scope of a criminal investigation, confidential information will be handled in a similar way to criminal intelligence. Where there can be no adverse effect on the person accused and a fair hearing can be guaranteed, immunity as to the disclosure of confidential information will always be sought.
- 4.8 For any officers, staff or volunteers who are concerned in coming forward to report any suspicion of corruption or misconduct the Force provides an anonymous and confidential digital reporting platform called 'Integrity Messenger.' This system allows two-way communication with the PSD Counter Corruption Unit (CCU) whilst still preserving the anonymity of the person reporting for as long as they feel the need. Two way digital dialogue allows for rapport and confidence building, which in turn can lead to the person reporting

providing their personal details. This affords any linked investigation with an opportunity to pursue further lines of enquiry.

- 4.9 A confidential telephone reporting system, maintained by the CCU, is also available to all Officers and Staff. Telephone calls are taken in person between the hours of 8am and 4pm and outside of these times, there is a voicemail facility. This facility operates on both an external and internal telephone number.

In the reporting period 1st April 2019 to 31st August 2019 a total of 12 confidential referrals were received by the CCU. These are listed in accordance with National Counter Corruption categories as set by the National Crime Agency (NCA):

- Misuse of Force systems x 1
- Controlled drug use x1
- The following are those that fall outside of the NCA corruption categories:
- Other x 1
- Information security x1
- Sickness x 2
- Division/line manager/performance issue x 6

As a comparison there were 19 referrals in the previous reporting period 1st October 2018 to 31st March 2019:

- Misuse of Force systems x 1
- Inappropriate association x 1
- Commit/assist an offender in commission of crime x 3
- The following are those that fall outside of the NCA corruption categories:
- Business interest x 3
- Vetting Information x 2
- Social media/Open Source x 1
- Bullying/grievance x 1
- Division/line manager/performance issue x 7

Of those falling outside the NCA corruption categories, the majority of referrals relate to performance issues. The number of referrals in this category has more than halved since early 2018 which has contributed to the reduction in referrals year on year overall. This is seen as a positive reduction as this was never the purpose of the Integrity Messenger platform. This also demonstrates a change in culture towards learning and development and not punishment where performance and dispute resolution issues are concerned. The Force has recently revised the processes for dealing with dispute and grievance and wherever possible informal resolution will be considered first.

- 4.10 No information exists within the Force to suggest that there has been a reduction in the confidence of the confidential reporting gateways provided to police officers, police staff and volunteers. The organisation appear comfortable reporting issues openly in person to PSD. The department still receive overt queries and give regular advice on how to deal with unsatisfactory performance. The Force achieved 'good' for its HMICFRS (Her Majesty's Inspectorate of Constabulary and Fire and Rescue Service) inspection rating in relation to how well it maintains an ethical culture and lawful workforce behaviour.
- 4.11 The Force has an effective counter-corruption strategic assessment and control strategy. The Force makes good use of the integrity registers regarding notifiable associations and business interests.

5. Financial Implications and Budget Provision

- 5.1 No specific financial implications are noted.

6. Human Resources Implications

- 6.1 No specific HR implications are noted.

7. Equality Implications

- 7.1 This document has been drafted to comply with the general and specific duties in the Equality Act 2010; Data Protection Act; Freedom of Information Act; ECHR; Employment Act 2002; Employment Relations Act 1999 and other legislation relevant to policing.
- 7.2 This procedure is robust and the evidence shows there is no potential for discrimination and that all opportunities to promote equality have been taken.

8. Risk Management

- 8.1 It is essential the public have confidence in the service that Nottinghamshire Police provide.
- 8.2 The overwhelming majority of individual members of Police personnel including police officers, staff and volunteers within Nottinghamshire Police are

dedicated, hard working, compassionate, and deliver policing services with a high degree of integrity. Regrettably, there are a small number of Police personnel that are guilty of and vulnerable to, unethical behaviour, dishonesty and corruption. The harm they do far outweighs the numbers they represent.

- 8.3 We all have a part to play in enhancing the integrity and reputation of the Force. This process starts with recognition that we are all individually accountable for our actions and responsible for our behaviour.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 By having a Professional Standards Reporting Procedure we are able to set out ways that staff can make reports concerning breaches of Professional Standards and ensure we support the Force vision and values.

10. Changes in Legislation or other Legal Considerations

- 10.1 There are no changes in legislation or other legal considerations relating to this report.

11. Details of outcome of consultation

- 11.1 No consultation has been undertaken in relation to this report as the purpose is to provide an update to JASP only.

12. Appendices

- 12.1 There are no appendices attached to this report.

Joint Audit and Scrutiny Panel Proposed Work Plan 2020

1. Purpose of the Report

- 1.1 The purpose of this report is to present the proposed work plan for the Joint Audit and Scrutiny Panel for 2020.

2. Recommendations

- 2.1 That Joint Audit and Scrutiny Panel members note the report and attached appendix, and agree the contents.
- 2.2 That members of the Joint Audit and Scrutiny Panel note the key themes identified to accompany each of the Force Audit and Inspection reports.

3. Reasons for Recommendations

- 3.1 To enable the Panel to fulfil its scrutiny obligations with regard to Force activity.

4. Summary of Key Points

- 4.1 The proposed workplan has been discussed with members and prepared based on the business planning cycle for both the OPCC and Nottinghamshire Police.
- 4.3 The proposed Joint Audit and Scrutiny work plan has been prepared in consultation with the Chief Finance Officer in order to fulfil our statutory obligations with regards to reporting in these areas of business.

5. Financial Implications and Budget Provision

- 5.1 There are no financial / budget implications arising from this report.

6. Human Resources Implications

- 6.1 There are no direct HR implications as a result of this report.

7. Equality Implications

- 7.1 There are no direct HR implications as a result of this report. HR implications resulting from specific actions will be managed on a case by case basis.

8. Risk Management

- 8.1 There are no risk management issues arising from this report.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 Any policy implications will be subject to current policy development process.

10. Changes in Legislation or other Legal Considerations

- 10.1 There are no direct legal implications as a result of this report.

11. Details of outcome of consultation

- 11.2 The proposed work plan has been produced in partnership between the Force and the OPCC.

12. Appendices

- 12.1 Appendix 1: Proposed Joint Audit and Scrutiny Panel Work Plan 2020.

27 NOVEMBER 2020 CHAIR TOPIC

| | | |
|---|--------------|---|
| Internal Audit Progress Report | Each Meeting | Mazars – Brian Welch |
| Review of OPCC Risk Management arrangements Review of Force Risk Management arrangements Key Theme for Risk – To be Advised | 6-Monthly | OPCC – Kevin Dennis Force – Amanda Froggatt |
| Update on actions from audits, inspections and reviews (Includes Internal audit, External Audit, HMIC, AGS improvements) Key theme for Force Audit Report – Neighbourhoods | Each meeting | OPCC - Where appropriate Force – Amanda Froggatt |
| Annual Audit Letter – External Audit | Annually | Ernst and Young |
| PCC Update Report | Each Meeting | OPCC – Phil Gilbert |
| Force Report on Complaints and Misconduct, Investigations, New and Open Cases | 6-Monthly | Force – Supt PSD |
| Force Report on IPCC Investigations, Recommendations and Actions | 6-Monthly | Force – Supt PSD |
| Force Report of Whistle Blowing and Anti-Fraud and Corruption Policies and Review of Compliance. | 6-Monthly | Force – Supt PSD |

Review of key areas to support Corporate Governance arrangements: *(review of requirements to be finalised and then prioritised. Areas to be identified for reports or internal audits and will be informed by assurance mapping)*

Sources of assurance to include:

- Effectiveness of partnerships
- Monitor the application of the pension schemes
- Review of delegated powers
- Review Register of Interests
- Financial Management/Financial Systems
- Legislative change

- Scheme of delegation
- Annual report from PSD on their activity - i.e. no of dismissals final letters and nature of the event
- By exception report on Insurance Claims covering Public Liability, Employer's Liability, Motor Liabilities including Costing and Lessons Learned
- By exception report on Outcomes of Public Finance Initiative Contracts

DRAFT
